Va-Va Ajvar

Ajvar, both hot and mild, is a traditional spread made from succulent roasted red peppers, eggplant, and spices.
Ajvar is a staple on tables throughout the world, and for good reason. We make a mild, sweeter version, as well as a spicier version, made with the addition of fefferoni peppers.

AIRBORNE
EST 1910
HONEY

Airborne believes in three things for your honey; honest, undamaged, and traceable. Airborne has over 100 years of experience. They do not heat, ultra filter, or pasteurize their honey. Each jar of honey is traceable back to the specific hive from whence it came. Each batch of honey is tested for top quality. Their patented processes produces the most delicious, pure, and robust honey in the world.

HIGH ANTIBACTERIAL ACTIVITY
ACTIVE AAH
HIGH IN ANTIOXIDANTS

ACTIVE ✓

Honeys high in antibacterial activity can help to improve your health. Airborne Health Honey has more antibacterial activity than New Zealand Clover honey, greater levels of antioxidants shown to neutralise the damage of free radicals in the body, and prebiotic Oligosaccharides that supports the growth of good bacteria in the intestine.

A Sweet Fairy Tale of Flavor

Evropa has left a mark on a great number of generations and has held this recognition for more than 130 years, which makes it one of the oldest companies of confectioneries in the world. Evropa began as a trade workshop for the production of lokum (also known as Turkish Delight), and similar sugary proucts. Today, they also produce chocolates, wafers, candies, and other mouth watering delights!

Vitalia is one of the original health food companies in all of Europe. They have mastered the development of sugar-free products. Their secret is using fruit fructose instead of cane sugar or artificial sweeteners, which preserve taste, while also providing positive health benefits, with a particular attention paid to children's nutrition.
