Features & Benefits

Feature	Benefit
ENERGY STAR and CEE Tier 3 rating	Save energy, money and our natural resources. Glass door models are ENERGY STAR / CEE Tier 1 rated. Solid door models are ENERGY STAR and CEE Tier 3 rated; the most efficient energy rating currently available.
ADA height compliant	Meets ADA height requirements.
Standard door lock	Customized desired look with the comfort of knowing that stored items are secure.
Four full-depth, removable, chrome plated, heavy-duty wire shelves	Storage capacity for different size items with ability to customize storage layout. 5.3 Cu. Ft. capacity holds more than 7-1/2 cases of 12 oz. cans.
Automatic touch-control interface	Accurate digital temperature readout that is easily accessible and manages key model functions and user alerts.
Accepts 1/4” flat or 3/4” raised custom panel	Ability to match surrounding decor cabinetry. Available on black solid door model only. Product ships without panel.
Field reversible doors	Flexible installation options, applies to black models only.
Stainless steel model	Offers a bold commercial style stainless steel wrap door with a black “cap” on top and bottom of door. Black cabinet and grille. Must order right- or left-hand hinge.
Fan driven cooling technology	60% faster pull-down to temperature rate and a 3 degree temperature range from top to bottom. Fan motor is quiet, maintenance free, provides energy savings and speedy recovery after door openings.
Commercial grade water resistant plug	Maximum protection for commercial installation.
Leveling legs included	More precise under counter fit.
Recessed interior light	Automatically illuminates when door is open. Does not interfere with storage or access to product.
Sabbath or Black Out mode	Easy to understand and use. Shuts off all lights and control displays. Automatically resets after 36 hours.
