a SWEET FAIRY TALE of FLAVOR

Evropa has left a mark on a great number of generations and has held this recognition for more than 130 years, which makes it one of the oldest companies of confectioneries in the world. Evropa began as a trade workshop for the production of lokum (also known as Turkish delight), and similar sugary products. Today, they also produce chocolates, wafers, candies, and other mouth watering delights!

HEALTHY FOOD *for a* HEALTHY LIFESTYLE

Vitalia is one of the original health food companies in all of Europe. They have mastered the development of sugar-free products. Their secret is using fruit fructose instead of cane sugar or artificial sweeteners, which preserve taste, while also providing positive health benefits, with a particular attention paid to children's nutrition.
