

Tire Cover Sizing Chart

STEP 1 On the side of your tire, you will find the measurement which will look like (but with different numbers): P225/70/R18 or 30x9.5 or LT255/75/R16.

STEP 2 Use the All Things Jeep Tire Cover Sizing Chart below to determine your tire size and see what Tire Cover fits your tire.

IMPORTANT

Some tires will have the size in INCHES on the side, which will be in this format (but with different numbers): 30x10.05". This translates to: 30" = diameter, 10.05" = width. This type of tire measurement tells you exactly what size your tire is. You will then be able to find the correct Tire Cover on www.allthingsjeep.com.

If you cannot find your tire measurement or size in our chart, or have a question about determining the best size, please contact us at 1-877-249-0065 (Monday through Friday, 6 AM to 5 PM PST) or email sales@allthingsjeep.com.

FIND YOUR TIRE SIZE ➤

Please note that we will happily accept a Tire Cover return or exchange AS LONG AS THE TIRE COVER IS IN NEW, RESALABLE CONDITION.

If the Tire Cover is dirty (inside) or damaged we unfortunately cannot issue a refund. Please contact us at 1-877-249-0065 (M-F, 6 AM to 5 PM PST) or email sales@allthingsjeep.com with any questions. We are happy to help!

Tire Diameter	Tire Measurement	Tire Cover Size
28" INCHES	205/75R15	UP TO 28"x8'
