DIGITALMOVIE™ DVD MEDIA

Offering the nostalgia and charm of the movie reels that symbolize cinemas today, Verbatim's unique DigitalMovie™ DVD media puts the fun in recording, viewing and sharing home movies. Available in the popular DVD+R and DVD-R formats, DigitalMovie™ DVDs are ideal for businesses that want their marketing videos to stand out and for videographers who want to create distinctive-looking discs for distribution. DigitalMovie™ DVD+R/-R are premium-quality discs with unsurpassed performance and reliability. Utilizing Verbatim's proprietary Metal Azo recording dye and certified at 4X DVD recording speed, DigitalMovie™ DVDs are perfect for backing up DVD video titles and transferring videotapes to optical media that won't degrade over time.

Verbatim DigitalMovie discs are available in jewel cases, spindles, and Super Jewel Box cases. Designed to fit easily in most DVD video racks, the Super Jewel Box is the same height as VHS cassette and the same thin profile as a standard CD/DVD jewel case.

So drag out the popcorn and start sipping the Coke. Make your next show a feature presentation with Verbatim DigitalMovie™ DVD!
