

Chess Camp

Check us out at www.chessset.com

Camp is available to students age 5-13 years. All skill levels from **beginner to advanced** are encouraged to attend. Beginners who arrive without any knowledge of the game will become proficient players from their camp experience; advanced players benefit from sharing classes and experiences with some of the top scholastic players in the USA.

Because this is our **17th year** of offering camps, our counselors are among the most experienced chess teachers found anywhere. We coordinate daily activities and instruction to expand the student's chess skills. Chess is known to teach logic, problem solving, analysis techniques, and will improve study habits. These skills have obvious carry-over benefits to schooling and career. But, the main reason kids come back to our chess camps year after year is because...

WE HAVE FUN!

Rochester Chess Center is located adjacent to Cobbs Hill Park, at 221 Norris Drive. There will be daily outings to the park for seasonal activities (Frisbee, soccer, hiking)...so dress for outdoor action.
