

## **T-4 40,000 Gauss Degausser** **NSA-Approved Hard Drive and Magnetic Media Degausser**

The T-4 40,000 Gauss Degausser is engineered to provide robust degaussing features and is NSA approved for hard drive media up to 5,000 Oe and tape media up to 2800 Oe. These are the maximum media coercivities available today and the maximum coercivity available for NSA test purposes. The Proton T-4 actually produces 40,000 gauss uniform fields (4 Tesla) and usual NSA requirements are three times the flux versus media coercivity. If this general requirement is extrapolated, the Proton T-4 with 4 Tesla should reliably degauss media with a coercivity of 13,330 Oe. In simple terms, the Proton T-4 will not be outdated soon and will degauss your magnetic media for many years to come.

### **Media Erased:**

- Hard drive media up to 5,000 Oersteds and computer tape media up to 2,500 Oe with maximum physical dimensions less than 6" x 4" x 1"

### **Features:**

- Price-Competitive Degausser complies with DoD requirements for destroying classified information on magnetic media and is on the NSA EPL (October 2009)
- Independent tests indicate an Effective Magnetic Field (EMF) of 40,000 gauss and 13,330 Oersteds — over 2.5 times the power of existing NSA test levels.
- Destruction of confidential, sensitive and classified data is in accordance with recognized standards and provides compliance under FACTA, HIPAA, GLB, DPA, etc.
- Latest Technology on the Market
- Made in the USA in ISO 9001 certified facilities
- Very Simple Input Slide Operation
- 60 Second Cycle Time
- Continuous Duty
- Convenient Table-Top or Floor Operation
- Deployable with Hard Transportation Case

**T-4 40,000 Gauss**  
**NSA-Approved Degausser**

### **Specifications:**

Dimensions: 10" W x 26" L x 19" H  
(254 x 660.4 x 485 mm)

Weight: 128 Lbs. (58.2 kg)

Power: 120 V @ 8 Amp  
240 V @ 4 Amp

Automatic Operation: Insert media into chamber and push start button

Duty Cycle: Continuous

Erasure Time: Under 1 Minute

Electro Magnetic Pulse Technology

Degauss Field: 40,000 Gauss

**90 Day Warranty Included**

**One Year Extended Warranty Optional**
