ADVANTAGE FOR CATS FAST RELIEF FOR YOUR CAT

Applying Advantage flea control on your cat is fast and easy. There are two convenient package sizes (Singles and 6-Packs) which offer flexibility in dosing:

- Kittens/Cats 9 lbs. and under
- Cats over 9 lbs.

Once you have the correct pre-measured dose from your veterinarian, follow the instructions below:

TO MAKE YOUR KITTEN OR CAT FLEA-FREE:

1. Use only on cats. Do not use on other animals.
2. Remove one applicator tube from the package.
3. Hold the applicator tube in an upright position. Pull cap off tube.
4. Turn the cap around and place other end of cap back on tube.
5. Twist cap to break seal, then remove cap from tube.
6. Part the hair on the neck at the base of the skull until the skin is visible. Place the tip of the tube on the skin and squeeze the tube twice to apply the solution directly on the skin. Do not get this product in your pet's eyes or mouth. The product is bitter tasting and salivation may occur for a short time if the cat licks the product immediately after treatment. Treatment at the base of the skull will minimize the opportunity for the cat to lick the product.
7. Discard empty tube by securely wrapping in several layers of newspaper and discarding in trash.

ADVANTAGE FOR DOGS FAST RELIEF FOR YOUR DOG

Applying Advantage flea control on your dog is fast and easy. There are two package sizes (Singles and 6-Packss) which offer flexibility in dosing:

- Puppies/Dogs 10 lbs and under
- Puppies/Dogs 11-20 lbs.
- Puppies/Dogs 21-55 lbs.
- Dogs over 55 lbs.

Once you have the correct pre-measured dose from your veterinarian, follow the instructions below:

TO MAKE YOUR PUPPY OR DOG WEIGHING UP TO 20 LBS. FLEA-FREE:

1. Use only on dogs. Do not use on other animals.
2. Remove one applicator tube from the package.
3. Hold applicator tube in an upright position. Pull cap off tube.
4. Turn cap around and place other end of cap back on tube.
5. Twist cap to break seal, then remove cap from tube.
6. The dog should be standing for easy application. Part hair on the dog's back.
7. Discard empty tube by securely wrapping in several layers of newspaper and discarding in trash.

FOR DOGS 21 LBS AND OVER:

Follow directions above, except step 6, the entire contents of the tube should be applied evenly to 3 or 4 spots on the top of the back from the shoulder to the base of the tail. At each spot, part the hair until the skin is visible. Place the tip of the tube on the skin and gently squeeze to expel a portion of the solution on the skin. Do not empty an excessive amount to any one spot that could cause some of the solution to run off the side of the dog.
