## **e-pill** Automatic Pill Dispenser

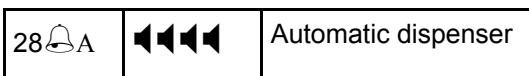

**Right Medications, Right Dose, Right Time up 28 x Day**

Every day, the **e-pill** Automatic Pill Dispenser will help you or a loved one manage all medications. It automatically dispenses all your pills up to 28 times per day —just like the doctor prescribed!

- Avoid medication errors.
- Prevent double dosing.
- Reminds you with a loud 60 minute alarm.
- Dispense all your pills (Large Capacity).
- Movable between kitchen, bedroom etc.
- Now with History Log and Visual Alarm

When the loud alarm sounds, simply turn the dispenser up-side down and let the pills drop into your other open hand. Easy to use, alarm shuts off automatically once medications are dispensed. Great for patients with beginning Alzheimer's.

Once the dispenser is locked there are NO confusing buttons or displays to worry about. Battery life 6+ months with low battery indicator. Complete system for the patient includes everything you need; Automatic Pill Dispenser, two (2) medication trays, dust cover for extra tray, two (2) keys, batteries (4xAA) and Manual. Size: 7 1/2" x 2 1/4". Weight: 17 oz. Made in Sweden.

**e-pill MedSmart PLUS Monitored Automatic Pill Dispenser**

*For the customer who wants the very best  
—the e-pill MedSmart PLUS is #1.....*

Top-of-the-line Locked Automatic Monitored Pill Dispenser. This e-pill will **CALL**, send an **E-MAIL** or send a **TEXT** message to caregiver(s) if medications have been missed. No Monthly FEES - **FREE Lifetime MONITORING** included.

The e-pill MedSmart PLUS “pill robot” has been developed to give the patients’ caregiver “peace of mind” knowing that right medications are taken on time. The patient can only access the right dose and this e-pill automatic pill dispenser is locked with a key (2 keys are included). You may load up to 28 days worth of medications.

Capacity:  
1 x Day = 28 days, 2 x Day = 14 days  
4 x Day = 7 Days ..... up to 6 x day (max).

**Best Dispenser**

**FREE Monitoring**

A Godsend: "This is a great alternative to having someone at the retirement apartment dispense the medication. That would have cost \$300 a month. I also have peace of mind knowing that it will call me an hour later if she hasn't taken her meds at the scheduled times." G.A.

**Easy to Use:** When the loud alarm sounds, simply turn the dispenser up-side down and let the pills drop into your other open hand. Easy to use, alarm shuts off automatically once medications are dispensed. Great for patients with beginning Alzheimer's. If the patient misses a dose, the MedSmart PLUS phones the caregiver after 60 minutes (or sends e-mail or text message). The e-pill MedSmart PLUS also phones the caregiver when it is time for a refill.

**Never forget to take your medications again! Avoid Medication Errors.**

**Alarm - Turn - Dispense**

**Easy Set-up:** Fits easily on your kitchen counter or in a bathroom. Dispenses all the patients meds up to 6 times per day. Each medication event holds 20 Aspirin sized tablets. Lockable keeps medications safe. Free monitoring (included) allows access to a secure web site to see dispensing history. Price includes complete medication management system, lifetime monitoring for one patient and everything you need:

Dispenser, Docking Station, 2 Med Trays, 1 Tray Cover, 2 keys, Phone Cord, Batteries (4 x AA), AC adapter.

*Needs access to phone jack. However, it does not need its own phone line. Very easy to set-up and use.*  
Size: 8 1/2“(round) x 2 1/2“(h) Weight: 28 Oz., Capacity: 28 doses, each chamber holds 20 aspirin sized pills.
