

When You Can't Be There, We Can

e-pill[®] Medical Alert

CONNECTING

YOU WITH THE

ONES YOU LOVE

AND THE ONES

YOU NEED

24 HOURS A DAY

7 DAYS A WEEK

The e-pill Medical Alert System is comprised of a two-way voice console unit that connects to your existing phone line and a lightweight, personal activator that stays with you, privately, around your neck or wrist.

Plus, the system comes with a **FREE** second activator for your nightstand/bathroom.

When you enroll with e-pill Medical Alert, a customized file is created containing your personal/medical information, list of responders including family, friends, emergency personnel, and your specific response directives. When you activate the system this vital information is displayed to facilitate immediate response and appropriate assistance.

How does e-pill Medical Alert work?

When you need assistance, push your personal activator.

The two-way voice console unit automatically dials our 24/7 Monitoring Center.

Our operator will speak with you through the console unit to identify the assistance you require.

Medical alert services provided by American Medical Alert Corp.

Even if you can not speak or can't be heard, the right kind of help will be immediately sent.

ORDERING IS AS EASY AS 1,2,3:

1. VISIT www.epill.com/MedicalAlert1.html or CALL 1-800-482-7218 right now
2. Our well trained staff will help you enroll a loved one over the phone
