

next best thing to bare feet

# Sizing Chart

### INSTRUCTIONS:

1. Print at 100% (to ensure sizes are to scale, use ruler to check accuracy)
2. Place child's heel at bottom line (stand child to measure)
3. Select size that allows 1/4 inch (5mm) of extra space for child's foot (chart represents INNER dimensions of shoe)

### NOTE:

- \* If child's feet are between sizes, select larger size
- \* Footprints (left) = size 6-1; months
