

WirelessGround.com RETURN WITHIN 14 DAYS

In Wirelessground.com our mission is to keep you satisfied by providing the best service possible, but we must strictly adhere to our return policy.

Return Policy:

As a customer of WirelessGround.com, you have a **14 day return policy** from the time that you receive the shipment (tracked through shipping carrier). If within the 14 days you are not satisfied, you may send your product back through our return policy guidelines that are explained further in this section. The customer is responsible for all shipping costs of the product being shipped back to our warehouse located in Glendale, California. The item that you are returning must be in original condition. This means the product must be fully operating to its maximum ability and **MUST** be in original packaging. It must be in a "resale condition". Any product sent back that has cosmetic or other damage, will be denied and no refund will be issued. If the item that you are returning is received by WirelessGround.com and does not meet our criteria of "resale condition," we will not issue any credit. Also, if you return a product that qualified you to receive free shipping, you will be charged \$3.95. Example, you purchase 5 car chargers and the total comes out to \$52.00. If you return one of the car chargers that would make your order amount less than \$50.00, you will be refunded the product you returned, but you will be charged \$3.95, which would be the standard shipping and handling flat fee if your order did not amount to \$50 or higher+. Shipping and handling fees are non-refundable.

Items we do not accept returns on:

any CD/Software that is opened from its packaging or used
