Home Cinema 5030UB 2D/3D 1080p 3LCD Projector

2D and 3D high-definition dedicated home theater projector with THX certification and Ultra Black levels.

Up to 3x Brighter Colors¹, and reliable performance — 3LCD, 3-chip technology

One measurement of brightness is not enough — look for both high color brightness and high white brightness. The Home Cinema 5030UB has:
  - Color Brightness: 2400 lumens²
  - White Brightness: 2400 lumens²

Full HD 1080p, widescreen performance — for movies, games and more — up to 300" on virtually any wall or screen

Exquisite detail — up to 600,000:1 contrast ratio, plus Super-resolution technology

Place the projector virtually anywhere — 2.1x zoom and the widest horizontal lens shift available make it easy

Advanced video quality — THX certification ensures exceptional video performance

New Classic Black-and-White Cinema Mode — ideal for rendering black-and-white hues as the original filmmakers intended

Exciting 2D/3D adventures — eye-popping 3D entertainment at home with the included RF 3D glasses

Stunning picture uniformity and color — features a state-of-the-art Fujinon® lens and built-in cinema filter

Versatile connectivity — two HDMI ports, RS-232, and more, for all your favorite devices

Outstanding support — two-year limited warranty and toll-free support
Home Cinema 5030UB 2D/3D 1080p 3LCD Projector

2D and 3D high-definition dedicated home theater projector with THX certification and Ultra Black levels.

Bring the movie theater experience home with the Home Cinema 5030UB. Experience incredible cinematic adventures with 2D and 3D, Full HD 1080p performance. Movies, sporting events and video games virtually jump off the screen with 2400 lumens of color brightness and 2400 lumens of white brightness. Get deep black levels with a contrast ratio up to 600,000:1. Horizontal and vertical lens shift and a 2.1x zoom ratio ensure setup flexibility in difficult installation environments. And, THX display certification, the performance benchmark recognized by consumers and professionals, ensures natural textures, and a film-like movie experience. Plus, two pairs of RF 3D glasses are included, so you’re always ready for exciting 3D experiences.

Up to 3x Brighter Colors with Epson®

Brilliant image quality requires high color brightness (color light output), and Epson 3LCD projectors have up to 3x Brighter Colors than leading competitive projectors.¹

One brightness measurement (lumens) is not enough. A projector’s specification needs to show both high color brightness and high white brightness. If color brightness is lower than white brightness, images may be dark, dull and lose detail. If not provided, be sure to ask for a projector’s color brightness specification.

3LCD — The #1 projection technology in the world

- All 3LCD projectors have both high color brightness and high white brightness
- All 3LCD projectors have 3 chips
- 25% lower power consumption for lower energy costs²
- 20 years of road-tested reliability

Stunning picture uniformity and color

A state-of-the-art Fujinon lens delivers images the way filmmakers intended them to be seen, with amazing clarity, while the built-in cinema filter ensures brilliant, true-to-life color.

The best-selling projectors in the world.

Built with image quality and reliability in mind, Epson high-definition projectors take home theater entertainment to a whole new level, featuring color and detail that’s sure to win rave reviews from friends and family alike.
THX display certification
Achieving THX certification is no easy task. The Home Cinema 5030UB was put through over 400 laboratory tests to ensure high-quality 2D and 3D performance. Featuring THX 2D and 3D Cinema Modes, the 5030UB matches the color, luminance, blacks and gamma found in the filmmaker’s studio. For further fine-tuning, all THX Modes can be accessed by THX Professional Calibrators.

Ideal for dedicated home theaters, the 5030UB:

- Ensures accurate picture quality, adhering to performance standards for black levels, resolution, contrast, color gamut and signal processing
- Features a playback setting that lets viewers experience studio color and black levels, with few calibration adjustments

Exquisite detail
The Home Cinema 5030UB features:

- An incredible contrast ratio up to 600,000:1
- Super-resolution technology (now in 2D and 3D)
  - Makes DVDs and standard and high-definition content come alive via its mixed color separation techniques and imaging simulation
  - Delivers crisp, clear images with super-high-quality resolution
  - Sharpens blurry images that have been enlarged by a general upscaling process
- Auto iris technology (for both 2D and 3D) — adjusts the aperture to provide the optimum contrast and brightness for each scene

Stress-free setup from Epson
Setup is virtually effortless with Epson’s unique suite of features. No matter what your room configuration may be, Epson’s convenient tools will make your installation quick and easy.

- Easy image adjustments
  Position your projector almost anywhere. With a 2.1x zoom and the widest lens shift available, it’s easier than ever to set up exactly where you want to.
- Built-in color modes
  Choose from one of four special color modes optimized for different content and settings. Whether the projector is installed for playing video games in the man cave or watching TV programs in the living room, you’ll get the best possible quality and color.
- Widescreen HD made easy
  Two HDMI ports make it easy to connect to receivers, Blu-ray® players, game consoles, Apple® iPad®, Apple TV and more.

Two rechargeable RF 3D glasses included
Enjoy 3D adventures from any seat in the house. Line of sight is not required with the included RF 3D glasses. Rechargeable for up to 40 hours of battery life, these innovative glasses have a 3-minute quick-charge feature for up to 3 hours of battery life.

### Projection Lens

- **Type**: Manual Focus / Optical Zoom
- **F-number**: 2.3 – 3.6
- **Focal Length**: 22.5 – 47.2 mm
- **Zoom Ratio**: 1.2
- **Lens Shift**: Vertical: -96.3% to +96.3%
- **Horizontal: -47.1% to +47.1%**
- **Lens Cover**: Powered, Slide Lens Shutter

### Other

- **Display Performance**: 1920 x 1080 native 1080p; HD, 2D, 3D, 20-to-30 conversion
- **Color Modes**: Dynamic, Living room, Natural, THX, Cinema, B&W Cinema
- **Auto Iris in 2D and 3D**: Automatically adjusts to video source; Off: High-speed or Normal, 2D and 3D mode
- **Super-resolution**: 2D and 3D
- **Input Signal**: Composite: NTSC / NTSC4.43 / PAL / M-PAL / N-PAL / PAL60 / SECAM
  - Component: 480i / 576i / 480p / 576p / 720p / 1080i / 1080p
  - HDMI: TMDS
- **Terminal Inputs**: 2 x HDMI
- **1 RS-232c**
- **1 RCA (composite)**
- **3 RCA (component)**
- **1 VGA D-sub 15 pin (computer input)**

### Other (continued)

**Terminal Outputs**
- **Trigger On/Off**: 3.5 mm stereo jack (12 VDC)
- **Power Consumption**: 200 mA (max.)

### Other

- **Parental Controls**
  - **Power Button Lock**: Hinders projector from being turned on without parental supervision

### Support

- **The Epson Connection**
  - Pre-sales support U.S. and Canada
