Installing Accessories: Accessories in general are test fit to a stock vehicle. It is impossible to say for sure that any product will fit a specific combination of accessories/modifications without test fitting them all together. Some vendors provide information about combinations that work or don't work together, but most do not. If you have modifications or other accessories relating to the same part of your vehicle as the accessory you're about to install, it is recommended that you carefully test fit before final installation. In addition, check for adequate spacing around any moving parts. *Any item that has been installed may either be non-returnable or subject to a repackaging fee.*

Warranty: All products are warranted against defects in material and workmanship by the original equipment manufacturer or Go Miata, for 12 months from the date of shipment. *We will replace the product or refund your purchase price at our discretion.*

The warranty does not cover labor, failure of a related component, failure resulting from faulty installation, nor would the liability of Go Miata exceed the cost of the original component.

Shipping Damage - If your shipment has been damaged you must report it to the carrier. If you require assistance, call our customer service line at 1-866-Go-Miata. All damaged item claims must be made within 24 hours of receiving the item.
