

PEMBROKE

The Pembroke is a premier seat in the HTDesign line, featuring a fully motorized headrest. HTDesign features First Class Theater Seating at coach pricing, exuding top-notch quality and far more features than any other manufacturer. The Pembroke is tailored in high-quality Top Grain 7000 Leather Match. The seat-cushion measures a cozy 25", while the seatback height totals 44" for head-to-toe support. The armrests feature a deep storage compartment. These compartments can be used to store remotes and magazines or accessories, such as the black gloss swivel tray tables that come standard with each seat. The tables connect to a grommet at the end of each armrest and swivel a full 360 degrees. The Pembroke comes in power recline. The seats feature LED lights in the cupholders and baserails, which can be controlled, along with the recline and headrest feature, using touch-buttons on the face of the cupholder.
