- 45-OE4CRAD - White Powder Coated Aluminum Cradle w/ Hydro (4 Man)
- 45-OE6CRAD - White Powder Coated Aluminum Cradle w/ Hydro (6/8 Man)

Looking for the best Offshore liferaft available today? The Revere Offshore Elite has every bell and whistle possible and is the lightest weight raft in its class starting at just 54 lbs! The Offshore Elite offers the entire crew easy usage when facing the stress of a life-threatening situation as opposed to other liferafts that can be difficult to lift and deploy at the time of need. Included are two large independent 11" buoyancy chambers, as well as an automatically inflated canopy. Offering a spacious 4 square feet per person, the Offshore Elite also includes a boarding ramp making it much easier to enter the raft in rough sea conditions. An inflatable floor, stowage pockets, zippered windows, flashing strobe, extra large ballast pockets, an extensive equipment pack including USCG/SOLAS flares plus much more. A training CD-ROM is included to help you and your crew prepare for use. The Offshore Elite is vacuum-packed to protect against the environment and minimize servicing costs as service is required only every three years. A 12 year warranty is included if serviced according to specifications.

Equipment Pack Contains:

- 3 Red Hand Flares (USCG/SOLAS)
- 2 Red Parachute Flares (USCG/SOLAS)
