Your Price: **\$395**

Optional: Hands Free Stand: +\$49

The CCD-300XLR is a fast and easy to use barcode reader based on advanced CCD Technology. The CCD-300XLR is easy to setup and use. No special software or drivers are required.

Using the CCD-300XLR is even easier. Just point the CCD-300XLR at your barcode and click. Alternatively you can place the CCD-300XLR into its optional hands free stand and it will automatically detect barcodes put in front of it and scan them. The CCD autodiscriminates the barcode and Transmits the information back to your computer.

The CCD-300XLR's light weight, speed, ease of use and depth of field make it ideal for use as a handheld scanner or mounted in a hands free stand. The CCD-300XLR is ideal for a wide variety of applications including:

- Library cataloging and circulation
- Point of Sale
- Mobile Data Collection
- Shipping and Receiving

Warranty: The CCD-300XLR is backed by a FIVE year warranty. For details call your sales representative at:
