

3M™ 1860/1860S Health Care N95 Particulate Respirator and Surgical Mask

The 3M™ 1860/1860S Health Care Particulate Respirator and Surgical Mask is NIOSH approved as a Type N95 respirator. It meets CDC guidelines for TB exposure control and is designed specifically for use in a health care setting.

The 3M 1860 particulate respirator and surgical mask has a soft inner shell for greater comfort against the face. And because it's fluid resistant, it aids in reducing the potential exposure of the wearer to blood and other body fluids.

The 1860 Particulate Respirator may be used as a surgical mask.

- NIOSH approved — meets N95 standards
- meets CDC guidelines for TB exposure control
- minimizes wearer exposure to airborne particles generated by electrocautery, laser surgery and other powered medical instruments
- may be used as a surgical mask
- provides >99% BFE* against wearer-generated microorganisms
- fluid resistant — reduces exposure to the spray, spatter and aerosol of blood and body fluids
- complies with the OSHA Bloodborne Pathogens Standard when worn properly and in combination with protective eyewear
- contains no natural rubber latex components
- fits a wide range of face shapes and sizes
- training materials available to help meet OSHA regulations

*Bacterial Filtration Efficiency (BFE) determined by the Modified Greene and Vesley test method.

3M™ 1860/1860S Health Care N95 Particulate Respirator and Surgical Mask

Respiratory Protection Standards

Use of respirators in the workplace is regulated by OSHA Respiratory Protection Standard (29 CFR 1910.134). This requires an appropriate respirator program be established, which includes a written program, employee training, respirator fit testing and medical monitoring, along with program documentation and maintenance. Respiratory protection standards are available from your 3M Health Care sales representative.

Respirator Training Program

3M Health Care offers a complete respirator training program to assist health care facilities in achieving compliance with OSHA regulations. For more information on the availability of these materials, contact your 3M Health Care sales representative, or call the 3M Health Care Customer Helpline at 1-800-228-3957.

WARNING

This respirator helps protect against certain particulate contaminants but does not eliminate exposure to or risk of contracting any disease or infection. **Misuse may result in sickness or death.** For proper use, see your supervisor or call 3M OH&ESD Technical Service at 1-800-243-4630. In Canada, call 1-800-563-2921.
