SPECIAL FEATURES:

Each of our models incorporates the following features to ensure ease of folding with maximum frame strength.

Patented FIT™ System	Our patented FIT™ (Foldable Integrated Technology) preserves the structural integrity and inherent strength of the bicycle frame design and geometry, giving you a no-compromise, high performance bike. This convenient feature allows you to fold the bike in seconds and stow it in your car trunk, boat, plane, or closet.
Quick Releases	No tools required to fold and unfold our bicycles. The bikes can be folded in a matter of seconds by unlocking just one quick release lever.
