### SPECIAL FEATURES:

Each of our models incorporates the following features to ensure ease of folding with maximum frame strength.

<b>Patented FIT™ System</b>	Our patented FIT™ (Foldable Integrated Technology) preserves the structural integrity and inherent strength of the bicycle frame design and geometry, giving you a no-compromise, high performance bike. This convenient feature allows you to fold the bike in seconds and stow it in your car trunk, boat, plane, or closet.
<b>Quick Releases</b>	No tools required to fold and unfold our bicycles. The bikes can be folded in a matter of seconds by unlocking just one quick release lever.
