**\*\*IMPORTANT\*\***

- To Ensure A Proper Fit:  
 - Always wear your duty belt when being sized  
 - Have someone assist you for accurate measurements  
 - Always measure exactly to size  
 - Carefully complete all information

Female Sizing Diagram  
(Front and Back)

**Sizing Information: (Please follow the diagram on the right and read instructions to ensure proper fit)**

Height: \_\_\_ft. \_\_\_in. Weight: \_\_\_\_\_lbs.

**1. Chest:** \_\_\_\_\_in.

To begin, first stand with arms out, making a T-formation. Wrap cloth-measuring tape under armpits and across back, have tape meet in the middle. Put your arms down. Record measurement.

**2a. Bust:** \_\_\_\_\_in. **2b. Cup Size:** \_\_\_\_\_ (A, B, C, D, etc.) **2c. Apex:** \_\_\_\_\_in.

**(2a).** Lower the measuring tape down the back to meet across the nipple line of the officer, while remaining parallel with duty belt. Record measurement. **(2b).** Also ask the officer what bra cup size she wears. Record information. **(2c).** Finally, measure the apex, nipple to nipple, across women's chest; then record measurement.

**3. Waist/Girth:** \_\_\_\_\_in.

Use cloth measuring tape, wrap tape around waist and meet in a straight line across the navel. Breathe easily & record measurement.

**4. Front Length:** \_\_\_\_\_in.

**(4a).** In a sitting position, measure from 2.0" below clavicle notch. **(4b).** From this new point move the tape parallel to just above the fullest part of her breast. Measure over the breast and down to the duty belt. Record measurement.

**5. Back Length:** \_\_\_\_\_in.

Back Panel will be measured across the natural shoulder line (approximately 2.5" below the base of the collar) to 1.5" above the top of the duty belt's equipment while standing. Record measurement.

**Side Coverage Preference (Optional)** (fill in appropriate information. Standard fit allows a variance of .5"-1.0" gap on both sides for comfort):

a.) Overlap \_\_\_\_\_ inches on each side
