

LEUPOLD® VX-I® 2-7X28MM RIMFIRE RIFLESCOPES

If you're a rimfire enthusiast, you have the same expectations of your rifle scope as your centerfire counterparts. Superior image quality and optics. Rugged dependability. Outstanding value. Our 2-7x28mm Rimfire rifle scope holds up its end on all accounts. With a standard multicoat lens system you get crisp, clear visuals with exceptional contrast and target definition. Micro-friction adjustments make

precision tuning for windage and elevation quick and easy. A Fine Duplex® reticle is ideal for the smaller game targets associated with rimfire shooting, while generous eye relief makes for faster target acquisition. Add in proven dependability, absolute waterproof and fog proof construction, and our legendary Full Lifetime Guarantee, the choice is clear. For day after day of feature-packed rimfire performance, choose the VX®-I Rimfire.
