Listen-only earpiece

Peltor's new HEARPLUG listen-only earpiece is designed for 2-way radio users who must have clear reception of incoming transmissions while working in high noise areas. The earpiece is so compact, versatile and easy to use that it will plug into any radio lapel speaker microphone with an audio accessory jack and be used in noisy industries such as:

- ▶ Airports
- ▶ Manufacturing
- ▶ Construction
- ▶ Racing
- ▶ Public Safety
- ▶ Forestry

- ▶ **Virtually weightless**
- ▶ **NRR 29 dB**  
*using foam disposable tips*
- ▶ **Great for use in hot & humid environments!**

## LISTEN-ONLY earpiece

Peltor's latest line of HEARPLUG listen-only earpieces feature the unique combination of high quality audio reception with a NLVAP certified noise reduction rating. In addition, the HEARPLUG earpiece increases the efficiency of radios used in high noise by not having to repeat—or worse—miss important messages due to the inability of clearly understanding what is being transmitted over the radio.
