

# DEDICATED FOREND: SHOTGUNS

SureFire makes replacement forends with integral tactical lights to fit many popular shotgun models. These forends come with a pressure sensitive activation pad for momentary-on light use, and a constant on/off switch.

Left side
Right side

**SWITCH CONFIGURATION**

- 1. CONSTANT-ON ROCKER SWITCH**
- 2. PRESSURE PAD DISABLE SWITCH**  
To prevent accidental activation during storage or covert operations. (FGA models only)
- 3. MOMENTARY-ON PRESSURE PAD SWITCH**

- 6xx Series:**
- 6-volt
  - 120 lumens max output\*
  - 1.36" bezel
  - CQB and urban operations
- 9xx Series:**
- 9-volt
  - 225 lumens max output\*
  - 1.62" bezel
  - Close to medium range applications
- \*Using optional ultra high-output lamp
