

# COLOR QUAD VIDEO MONITORING SYSTEM

WITH FOUR DAY/NIGHT CAMERAS AND REMOTE CONTROL

Now you can have a full monitoring system at a fraction of the cost and frustration. The Clearvu Q1000 system comes with virtually everything you need to start your own home or business monitoring system. All you need is a monitor or TV to view.

View your included 4 cameras in multiple camera modes (Quad, Full screen, PIP, Auto and Separate camera mode). Set up the system to sound an alarm with motion detection that will notify you whenever someone enters a restricted area. The system also allows you to customize each individual camera setting. Re-name camera 1 to read Entrance and even adjust the individual contrast, brightness and hue of the individual camera. This system is packed with additional features including:

- Time/Date stamping
- Video loss alarm when a camera is disconnected
- 11 Infrared NITEVU LEDs for night viewing (each camera)
- Event reports (up to 60 events)
- Included remote control give you added convenience operating the system
- NTSC and PAL compatible

The system easily connects to a VCR, DVR or other recording system. It is ideal for monitoring your home, day care, children, employees, retail outlet and much more.
