

Company

Founded in 1996, SoftArtisans offers products that address mission-critical needs in the areas of reporting in Microsoft Office formats and file transfer. In addition to award-winning products, SoftArtisans also offers a wide range of technical services including consulting, training and priority support. Headquartered in Watertown, MA, SoftArtisans has been named repetitively as one of North America's 500 fastest-growing technology companies.

Products

➔ Design and Deliver in Excel & Word

[SoftArtisans OfficeWriter](#)

SoftArtisans' reporting products deliver real Microsoft Office content via the Web to thousands of concurrent users, without requiring Microsoft Office on the server. Designed for use in demanding Web server environments, the OfficeWriter suite allows users to create, modify and distribute reports in universally familiar formats such as Microsoft Excel and Word. SoftArtisans' products are designed for Java and Windows platforms.

FileUp

➔ Secure & Reliable File Upload & Download

[SoftArtisans FileUp](#)

SoftArtisans' family of file transfer products benefit developers looking to create powerful HTTP file upload and download Web applications. With the ability to deliver and manage multi-gigabyte files, SoftArtisans products are the worldwide choice for providing a secure and reliable way to transfer files over the Web.

Services

SoftArtisans provides a variety of technical services. Customers can benefit from the expertise of the SoftArtisans' staff by means of:

- Technical support on a 24/7 basis
- Consulting
- Training programs

Partnerships

SoftArtisans is a long-time Microsoft partner with select memberships in Active Server Pages, SQL Server and .NET Framework pre-beta product evaluation teams as well as the Visual Studio and Reporting Services Partner Programs. SoftArtisans is also a member of the Sun Microsystems iForce Partner Program.

Recognition/Honors

SoftArtisans has been listed on both the prestigious Inc. 500 and North America Fast 500 lists. SoftArtisans products have been recognized with numerous awards: Web Services Journal World Class Product, Visual Studio Magazine Readers Choice, ZDNet Editors Pick and the ASP Guild International Top Tool, among others.
