

United States of America
 Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number SP00582NY

This certificate issued to Prop-Guard Aerospace, Inc.
 922 Groton Avenue
 Cortland, NY 13045

certifies that the change in the type design for the following product with the limitations and conditions hereof as specified herein meets the airworthiness requirements of Part 35 of the Federal Aviation Regulations.

Original Product - Type Certificate Number: See Attached Approved Model List (AML)
Models: See Attached Approved Model List (AML)
Models: See Attached Approved Model List (AML)

Description of Type Design Change:
 Installation of Prop-Guard Polyurethane Protective Tape on the leading edge of metal propellers in accordance with the instructions contained in Prop-Guard Installation Instructions, Document No. FP1001-CS1002, Rev. B, dated June 3, 1999.

Limitations and Restrictions:

1. Compatibility of this design change with previously approved modifications must be determined by the installer.
2. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.
3. The FAA has determined that the installation of Prop-Guard laminate in accordance with this STC is a minor alteration because it does not appreciably affect the weight, balance, structural strength, performance, powerplant operation, flight characteristics, or other qualities of the propeller that affect airworthiness, and it may be done according to accepted practices that involve only elementary operations. Accordingly, the installation of Prop-Guard laminate may be performed by a certificated mechanic under sections 65.81 and 65.87 of the Federal Aviation Regulations (14 CFR 65.81 and 65.87), and does not require the completion of a Form 337 under section 43.9 of the Federal Aviation Regulations (14 CFR 43.9).

This certificate and the supporting data which is the basis for approval shall remain in effect until superseded, amended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: April 05, 1996

Date received: August 13, 1999; May 01, 2001

Date of Issuance: March 10, 1997

By direction of the Administrator (Signature)

For: Vito A. Pulera
 Manager
 New York Aircraft Certification Office
 (TWA)

Any alteration of this certificate is prohibited by a claim of not exceeding \$1,000, or impairment not exceeding 3 years, or such other conditions as may be determined in accordance with FAR 21.17.
