**GPS Information**

| Needed Information           | Customer Notes |
|------------------------------|----------------|
| GPS Model / Serial Number    |                |
| Missing parts?               |                |
| Unit / Accessories Condition |                |
| Any problems or damages?     |                |
| Comments                     |                |

- 1) Please include this detailed document with the used unit coming back.
- 2) Conditions: Used units must be in "like new" condition and include all original accessories. Any known problems with the unit (missing parts, damage) must be discussed with us before the unit is sent to us. Use common sense!!! We have to say it - SkyGeek reserves the right to refuse to buy a unit if these conditions are not met.
- 3) You send the used unit back to us using whatever shipping method makes you happy (you pay for the shipping). Remember to include this document so we know who you are and what you are sending us. Our shipping/receiving department is a very busy place.
- 4) Within 7-10 business days SkyGeek will advise you regarding the purchase of your used unit.
- 5) If the unit and accessories are approved, you will be issued a SkyGeek credit for use toward future purchases of anything on our site.
