## CD-D11U CD-D13 CD-D17HD CD Duplicators

TASCAM's new **CD-D11U**, **CD-D13** and **CD-D17HD** CD duplicators employ 52x-speed, reliable TEAC drives for dependable performance in critical professional settings.

The CD-D11U is a 1x1 duplicator with a USB 2.0 jack for computer connection and RCA outputs to check the source disc before duplication. The CD-D13 is an affordable, high-speed 1x3 duplicator for studios, churches and other installations. The CD-D17HD 1x7 duplicator includes a hard drive for ultra-fast copies compared to using a CD drive. Any one of these duplicators are perfect for record labels, churches, software duplication and other applications that demand fast, reliable duplication.

### CD-D11U features:

- ▶ 1x1 CD duplication using reliable TEAC drives
- ▶ 52x CD drives
- ▶ USB 2.0 jack for connecting to Mac® & Windows® computers
- ▶ RCA audio output and CD playback function for checking the source media before duplication

### CD-D13 features:

- ▶ 1x3 CD duplication using reliable TEAC drives
- ▶ 52x CD drives

### CD-D17HD features:

- ▶ 1x7 CD duplication using reliable TEAC drives
- ▶ 52x CD drives
- ▶ Built-in Hard Drive to use as a source master for higher-speed copies than working from a CD or DVD drive
- ▶ Hard Drive acts as an archive for projects that are burned again and again
