Harness Your Harmonics For A Brain Workout

Tom Kenyon, one of the most respected sound healers in the world has developed "BioPulse" technology – a subtle frequency that leads the brain naturally into different states to promote learning, creative visualization, and cognitive growth. By applying this innovative acoustic frequency in a wide array of programs, Kenyon has created a complete "gymnasium" for the brain that includes:

- Programs to transport you immediately from the everyday beta state to the relaxed focused alpha, the rejuvenating delta, or the dream state of theta
- Active exercises that build new neurological connections ... physical pathways between the two hemispheres of the brain
- Guided visualization sessions to help you break free from the

- "perceptual boxes" that limit learning and innovative thinking
- Deep entrainment journeys through the "magic window" of alpha and theta to help you access powerful altered states for healing and insight
- An audio user's guide to help listeners develop their own sustained psychoacoustic practice and create lasting, positive improvements.
- How to harness sound for emotional development, relaxation, and opening the heart

This comprehensive program is the culmination of 20 years of research by Tom Kenyon, as he isolated the harmonics and frequencies that create genuine, positive change in our brains. 9 CDs; 9 hours.

EMOTIONAL BALANCING

BALANCE YOUR EMOTIONS

The Bio Tuner – Latest Model Of The BT-7 / Brain Tuner

The BT- 7 was originally developed by the late physicist Dr. Bob Beck. Initially, research was based on work in China to treat substance addiction. Then, in the 1950s, particularly in Germany and Russia, cranial electro-

stimulation was used for “electro-sleep” and stress reduction with much success.

The Bio Tuner delivers over 500 harmonic frequencies in each micro- second pulse. A microprocessor ensures reliable and precise frequencies. There are three built-in regular programs and an additional three for sensitive people.

- Standard program is 111 Hz
- Dynamic program that strobes on and off
- Meditation program using the Schumann Resonance frequency

Benefits: Deep relaxation, mood improvement, better clarity and focus, increased energy. Features: Automatic 20 minute shut off timer, compact carry case, 3 year warranty, 6 cotton electrode sleeves, headset, armband (for portability), battery and instructions.

Paraliminal Recordings

"Para" is the Latin prefix for "beyond." "Liminal" refers to the "limen" or "threshold" of consciousness awareness. The term literally means, "beyond the threshold of human awareness." On the other hand, "subliminal" means "below the threshold", or information that cannot be consciously perceived.

With paraliminal learning sessions, the listener can hear messages coming into each ear, but it is beyond the conscious mind's ability to process both messages simultaneously. The result is an interesting multilevel communication to different hemispheres of the brain. Subliminal recordings hide positive statements of affirmations in music or environment sounds. There are no subliminal messages on paraliminal recordings. The "Ultimate You Library" contains 22 paraliminal CDs.

ACHIEVE RAPID AND LONG LASTING PERSONAL CHANGE

Transform Your Mind And Enhance Your Mental Abilities

This advanced CD-ROM program targets very specific brainwave patterns which have been proven to make the mind most receptive to psychological change. Most people live their entire lives in a constant battle with their own mind and their own behaviors. Many of these problems are so deeply rooted they have existed since childhood. This program permits you to no longer accept your limitations.

HOW DOES IT WORK?

It affects the mind through a neurological process known as brainwave entrainment... training the brain to a particular mental state. The benefits are: relaxation, enhancing academic performance, reducing headaches, insomnia, ADD, reducing stress and enhancing athletic performance.

It also works by making the mind more receptive to psychological intervention, guiding your mind to a

relaxed, receptive mental state, increasing the success rate of suggestions and enhancing the lucidity of mental imagery.

While in the receptive state thus created, you can make

striking changes in your behavior, thought patterns and emotions... by bypassing mental and emotional barriers that would normally make the mind resistant to change.

This is what we call self-programming and the effects of using it can be dramatic. You will notice a major difference in your psychological makeup. Fears and emotional reactions you have had all your life may disappear. If you are ready for a change, this will make the change real.

Windows required. Included is a 200+ page e-book style documentation, detailed user guide, research, psychological techniques and exercises.

REMOTE VIEWING

The Gold Standard Course On Remote Viewing

Taught by the masters of the craft, the scientists, viewers, and military intelligence

officers who created the field of remote viewing: Hal Puthoff, Russell Targ, Ingo Swann, Dale Graff, Henry Reed, and Edgar Cayce. There is nothing like it on the market today.

Ten discs are broadcast quality DVDs that comprise 11 hours of instruction, accompanied by rare, little seen examples of some of Remote Viewing's most famous moments.

Four discs are stereo CDs, designed to be used over and over – which take you through experiential sessions exactly as if you had come in to a Remote Viewing laboratory.

A fifth CD contains forms used to conduct and record your

sessions, as well as how to judge and analyze them.

The presentations, benchmarks in the history of Remote Viewing, come from the actual intelligence projects, archaeological discoveries, and experiments. Rarely seen, they would be extremely hard to locate from other sources. This is truly a complete course on the art and science of Remote Viewing.

This series of 10 DVDs and 5 CDs offer scientifically based, clear, simple instructions to guide anyone through a Remote Viewing experience in a way that is as rich as anything a person would experience in a laboratory. The validity of this material has been tested

hundreds of thousands of times over almost 30 years of research at laboratories and universities around the world.

At the personal level, Remote Viewing expands our definition of what it means to be human. At the social level, it opens our view of the world to another dimension of the self and adds to our store of knowledge as to how we, as humans, fit into the universe.

SEEING IS BELIEVING Are You Ready To Open The Mind's Eye To Remote Viewing?

In 1988, David Morehouse found himself in the shrouded world of the U.S. military's top secret Stargate Program, where he performed Remote Viewing techniques to expose covert operations in other countries. Millions of dollars were spent to prove scientifically that we can literally extend our consciousness from the body through any physical boundaries to gather real, verifiable information. Today, dedicated to the peaceful uses of this practice for personal and spiritual growth, Mr. Morehouse offers this home study program with step-by-

step instructions: learn how to observe details from the past, the future, and across physical distances to change your personal destiny, and expand your consciousness of the many dimensions of reality. The Remote Viewing Training Course contains:

Introduction to remote viewing
• The journey inward and beyond • Do you believe or do you know? • Transformation: waking from the dream • "Morphic resonance" • How we connect with the remote viewing target • Exploring time future and time past • Anything is possible for you, on the other side of the moment • The evolution of the global society
• The holographic matrix field • Target coordinate theory
• Four principal modalities of perception, and how to strengthen your ability in each • Understanding

target feedback • The cool-down process • Sample remote viewing sessions • Keeping control of a session • Practical applications of the model of remote viewing • Exceeding the limitation of language • Movement within a target: voluntary and involuntary • Breaking and ending a session • The seven imperatives of peace, and much more.

Achieve Optimum Health No Drugs, No Needles, No Pain, No Surgery

For more than 2000 years, oriental doctors have studied the human bioenergetic field and discovered chi-gong, an energy exercise that strengthens the bioenergy. With the BioEnergizer®, Natural Qigong is easy to practice, allowing the body to spontaneously respond according to its own needs. It is highly efficient because you are recharged by an unlimited source of healthy energy.

Here's how it works: The inaudible sound waves that emanate from the BioEnergizer affect the surface of the skin and generate a "healing-type" energy that relaxes the body. Many people use it while doing

deep breathing or practicing Qigong. By simulating the healthy bioenergetic field of the highest level Qigong masters, the BioEnergizer® has been programmed to emit the healthy bioenergetic field. Based on the principle of resonance, your distorted and weakened bioenergetic field will be restored and your self-healing capacity will be intensified. Simply sit or stand in front of the BioEnergizer® for 15 minutes a day. You will have clearer thinking, more energy, and a new sense of well-being. Made in the U.S.A., the BioEnergizer® has been affirmed by Qigong

masters and research institutes throughout the world. The BioEnergizer is effective and efficient. AC operated.

MUSCLE HEALTH

USE SOUND WAVES TO HEAL Extra Deep And Penetrating Vibrational Transducer Frequencies

In 1928, Erwin Schliephake, a German scientist, discovered that sound waves accelerated healing.

When sound waves are applied to the body, the cells and tissue absorb some of this energy, thus increasing circulation to enhance healing.

Used by Athletes

uses audible sounds, a different technology. This provides intensive stimulation of the natural functions of the cellular, circulatory and nervous systems.

The direct consequence of each molecular impact is to create altering compression and dilation zones... in effect, a form of massage, but at a cellular level, deep within the treated tissue. This stimulation results in an immediate and demonstrable tightening of the cell-wall membranes, leading to increased blood circulation and improved metabolism. It is by this intensive stimulation of the natural functions of the cellular, circulatory and nervous systems of the body that the beneficial effects of the therapy are achieved. Novasonic simply gives nature a helping hand.

The Novasonic unit utilizes a sound transducer that vibrates at selected frequencies within the audible range (between 16 - 20,000 Hertz). Sound waves are transmitted to the treatment area through a specially designed "sound head", applied without pressure to the skin surface. The sound waves can penetrate up to 2 1/4" within the body, treating areas inaccessible to other techniques. Furthermore, the intensity of the waves and accompanying vibration can be adjusted easily.

The unit may look like an ultrasound unit, but Novasonic

Users report significant relief, particularly in the joints.

The Novasonic has two speeds (high and low), and an intensity control knob. There are two sound heads; flat for large areas, and round for points. Comes with carrying case.

The Novasonic can be used to stimulate lymph nodes, spinal fluids, cartilage, joints, muscles, and tissue.

Our passive aerobic exerciser oxygenates, tones and strengthens the body while increasing the feelings of aliveness and well-being.

The Stress Buster moves one of the largest muscle groups in the body, your legs. This motion causes your blood to efficiently circulate throughout your body. This motion causes your blood to efficiently circulate throughout your entire body. Your cells absorb oxygen, and toxins are removed more easily. You lie down, relax, and feel the gentle swing motion as it rejuvenates the whole body in just a few minutes. Highly recommended.

Check out these great features: variable speed control, built-in 15 minute timer, magnetized soft leg rests.

COMPARISON OF OUR MODEL AND OTHERS WE'VE TESTED: others are

noisier, others don't elevate the base of the ankle far enough off the ground, others don't have the same range of left/right motion, others don't have a stable base... this is a serious flaw in most machines.

Now that these machines have been on the market for a few years, we've had a chance to test and get feedback from our customers. Our Stress Buster rates very high over the low priced, poorly constructed machines found on late night TV as well as the over-priced models sold by multilevel sales organizations.

With Stress Buster, you can exercise your spine, massage your internal organs, increase blood circulation, move your lymph system and oxygenate your blood... all while lying flat on your back. It's one of the few really good exercise machines that can also be used by overweight people.

Relieves Pain, Reduces Numbness, Increases Circulation To Back, Legs, Feet And Hands

You will feel better with your very first treatment, with benefits accumulating with each subsequent use. This relaxing treatment wakes up sleeping nerves, improves blood circulation, strengthens leg muscles, helps you sleep better at night, and restores your sense of balance without relying on pain-killers and other medications.

The ReBuilder sends its healing signals to your feet, hands or back. Small conductive rubber signal pads are placed on your

skin, or in the foot bath. This device uses a tiny electrical signal to wake up nerves that are temporarily dormant or asleep. These signals mimic your natural nerve signals, but are stronger. This signal travels from one foot, up the leg, across the synaptic junctions and nerve roots in your lower back and down to the other foot. Then it reverses polarity and travels back to the original foot. This back and forth action effectively treats all the nerves of both legs and feet. At the same time, your calf muscles are contracting and relaxing, as they would naturally during exercise like walking.

An additional benefit results from the brain releasing

MUSCLE HEALTH

DEEP TISSUE PENETRATING MASSAGE

Relieves Pain, Promotes Health And Vitality

What is Infratonic Therapy?

Infra means very low frequency; tonic means vitalizing. Infratonic Therapy uses specific, randomly generated bands of infrasound (below 30 Hz) waves to penetrate superficial and deep layers of the body. When our cells are traumatized, they send out signals of discomfort and aggravation, which lead to pain, swelling, and energy depletion. Infratonic Therapy works by interrupting trauma at the cellular level, using the same frequencies that the body itself uses for intercommunication. Research shows that this type of therapy decreases inflammation, reduces cellular trauma, increase Hyaluronic Acid production, and promotes healing.

The Infratonic 8000 is the latest rendition of this type of

therapy. Thousands of users world wide attest to its ability to accelerate sub cellular vitality, reduce stress and worry... important keys to accelerated recovery.

There are three patented vitalizing settings:

- **FULL:** Most effective for accelerated recovery
- **SLEEP:** excludes signals that create alertness
- **PAIN:** Excludes signals that accelerate sub-cellular activity, which could aggravate inflamed areas

Doctors, chiropractors, acupuncturists, and veterinarians are among the many users. Qigong masters are able to focus chi, or life energy, into patient's bodies and stimulate relaxation and energy. The unique "chaos" circuit delivers low frequency (2-25 Hz) sound waves directly

to the area you want.

Nanosynthesis, Chirp Entrainment, Sonic Sequencing and Chaotic Carrier technologies all work together to create highly variable therapeutic signals that repeatedly reposition the body's vibration system for maximum effectiveness. The Infratonic 8000 is a very high quality device and is a U.S. FDA 510 (K) listed therapeutic massager.

WHAT'S THE DIFFERENCE BETWEEN THE TWO?

Infratonic 8000 is used for accelerated recovery. Very effective where there are broken bones and tissue that are slow to heal. Excellent for the complete approach to the mind-body healing process. The SoniCalm 3 is targeted specifically for the relief of pain, particularly where nothing else has worked before, such as chronic pain.

Infratonic Therapy Designed Specifically For Pain

The SoniCalm 3 focuses precisely on reducing or eliminating chronic and acute pain.

It works by producing signals that entrain lower pain signals and lifts them into the desired range. These therapeutic signals move pain from the physical to the emotional range and

transfer worry signals from the analytical range into the intuitive range. Put it where it hurts; it's that simple to use. It is highly effective with its three penetration levels:

- CALM
- MEDIUM
- DEEP

Like the Infratonic 8000, it is highly touted by professional healthcare practitioners.

From the makers of the Infratonic 8000, it works in a similar fashion... creating highly variable therapeutic signals (2-25 Hz) that repeatedly reposition the body's vibrational system for maximum effectiveness.

#46090 SoniCalm 3 **\$695.00**

NO RISK OF DEEP TISSUE BURNS LIKE FROM ULTRASOUND...

The Infratonic 8000 applies chaotic soundwaves to improve local microcirculation. While ultrasound uses high frequency sound which can cause local deep tissue burns, the Infratonic uses penetrating low frequency chaotic sound so there is no chance of excess heat build-up.

READ BEFORE ORDERING

This is the genuine Infratonic 8000 machine. Independent tests show a dramatic difference in results with this machine, compared to look-alikes on the market. This device (the ONLY machine with the CHI logo on it) produces Regenerative Chaos, which is extraordinarily effective. Thousands are in use in doctor's offices and clinics. Should not be used by people with pacemakers or with suspected blood clots in the legs. Should not be used as a substitute for medical care. It is advisable to consult your healthcare professional.

Greater Effectiveness And Greater Comfort With Sonic Sequencing

Infusing the body with several signals sequentially is more effective than using individual continuous signals because it minimizes the body's vibrational response. When applied using short bursts, the Sonic Sequencing system of the Infratonic 8000 and the SoniCalm 3 are comfortable and very effective. With Sonic Frequencing, the signal is constantly jumping (randomly every second or two) from one frequency band to another so the body does not have time to develop a vibrational response. Infratonic 8 and SoniCalm 3 with Sonic Sequencing have produced superb results and users are very enthusiastic about the new added features, particularly Sonic Frequency.

RELIEF OF LOWER BACK PAIN ASSOCIATED WITH SORE AND ACHING MUSCLES

On Demand Pain Relief Where And When You Need It

Uses TENS, Transcutaneous Electrical Nerve Stimulation, a safe, non-invasive drug-free method to manage pain. It works by sending small electrical impulses through the electrodes placed on the skin to underlying fibers. TENS allows many people with lower back pain conditions to resume daily activity. This therapy has been used for over 25 years by healthcare professionals. This same, very effective TENS modality can be used by individuals, and without a prescription.

The system consists of a small battery-operated control unit that is worn on a belt. Two small cables connect this to the

self-adhesive electrode pads that are positioned where you want them on the lower back. Use the controls to vary the time, intensity and/or stimulation modes in order to customize your

HOW COLORED LIGHT HEALS

Light and color have been used throughout time for healing. Shining different colors into the eyes activate photoreceptors in the retina and trigger the release of neurotransmitters causing mood elevation. Shining light on the skin activates the natural healing process because skin cells absorb the energy from the light, causing increased circulation. Beneficial effects of colored light on pain, headaches, wound healing, and inflammation have also been widely reported.

LIFE LOOSEN WITH BETTER HEALTH WITH AN ALKALINE SYSTEM!

Normal Eating Habits Won't Do It

There are very few foods that are alkaline. A 100% alkaline vegetable diet would be very boring, and not easily accepted by many. A total discontinuance of acidic foods would be rather challenging. While we can and should be able to give up drinking acidic soda pop, the vast majority of food, especially meats, are acidic in nature. The vegetable group has the best track record for being alkaline, but most people don't want to become strict vegetarians.

Electrolyte Supplements Won't Do It

Many alkaline teas don't have balanced, organic electrolytes. Cheap "Gatorade-type" drinks have too much Sodium and too little Potassium according to exercise physiologists. Good electrolyte supplements should have a high Potassium concentration and a low Sodium concentration.

Most Trace Mineral Formulas Won't Do It

You should insist that your trace minerals are amino acid chelated to guarantee that they are high in absorption and low in irritation.

Alkazon Will Do It

Alkazon was created to solve the problems mentioned above. It is based on mild, organic Potassium salts. It contains

79 amino acid chelated trace minerals from ancient dead sea marine deposits. Alkazon drops go to work instantly.

Just add 2 drops to an 8 oz. Glass of water (or your favorite beverage) a few times a day and you have guaranteed the neutralizing of acid wastes. You'll feel better! You'll look better! Many athletes

would get deathly sick during a really strenuous game or workout if they didn't take an electrolyte replacement. Regretfully, they tend to rely on cheap drinks that are given to them as samples.

Alkazon drops will keep your internal system at equilibrium by balancing acidic foods and drinks and helping eliminate acidic body waste. They are truly powerful, booster drops that will play a major part in your new, healthier lifestyle. 1.2 oz. Dropper bottle (about one month's supply)

FLOOD YOUR BODY WITH OXYGEN

No More Toxic Chemicals, Disease-Causing Bacteria – Gives You Energy, Too!

You will be amazed at how just one glass of ozonated water will quickly lift your energy level, giving you more clarity and focus. It's very beneficial for both sick and healthy people.

You can also use the ozonated water to sanitize your fruits and vegetables against bacteria, fungus and molds. Using it on your plants will make them "come alive" and require less fertilizer, too. To make the ozonated water: attach the water

diffuser tube to the machine. Place the tube in the water.

It takes only a few minutes. It's that easy! Cold corona generator with **Nikola Tesla technology**. Many people use it this way:

- 1) Fill your kitchen sink with water
- 2) Place the diffuser ball in the water and turn the machine on
- 3) Submerge your food products in the water.

It works by breaking down the residual traces of toxic chemicals and pathogens commonly found on fruits and vegetables. It kills bacteria on meat, fish and poultry. In addition to being healthy for you, this process enhances the taste of food products and also enhances their shelf life.

This unit produces significantly more ozone than older units, and has a new automatic timer for 5, 10, or 15 minute presets. Ozone output: 250mg/hour.

Energize Your Body By Hydrating Your Cells

Now you can have the "Fountain of Youth" in your own home. The E-Water Machine produces high quality, very affordable clustered water in under 3 minutes.

What is clustered water? Water has a tendency for its molecules to "associate", forming short-lived and ever-changing polymeric units called "clusters." This smaller, clustered water has less surface tension and, therefore, is much more absorbable by the cells. Then, as the body is hydrated... the

refreshing feeling is very evident as you drink this water.

The secret is a magnetic field produced across a cotton ball, which creates very active clustered water. The electricity works with the minerals in the water to create a process similar to electric fields produced by nature's natural electrolytes and ores.

Clustered water also cleanses, detoxifies, and enhances nutrient absorption.

6" square: works on two 9 volt batteries.

THE FOUNTAIN OF YOUTH MAY BE IN WHAT YOU DRINK Just Reduce The Cluster Size Of Your Water

It's rather easy to understand the principle. Reducing the surface tension of drinking water makes the water "wetter" and increases its solvent capacity. Crystal Energy Drops is a catalytic liquid which, when added to water and other liquids, enhances their solvency power by altering their molecular structure. This enables you to get the most of nutrients and vitamins from

foods, which are assimilated easier by the body.

It can be used in a variety of situations. Rinse vegetables and fruit to reduce cooking time. Use in your bath water or add to your mouthwash or shampoo. Use as a mist for house plants. Reduce shaving nicks.

WATER IMPROVEMENT

Get Healthy, Oxygen-Rich Water 24/7

Perk up the natural way with a glass of oxygenated water from the O₂ cooler! Adding oxygen to your bloodstream has been proven to speed up metabolism, strengthen your immune system, increase energy, create younger looking skin and even enhance brain function for clearer, more alert thinking.

And now, with the O₂ cooler you can drink crystal-clear, highly oxygenated water any time you like.

Unlike bottled oxygenated water, which loses its oxygenation just days after manufacturing, the O₂ cooler keeps your water fresh, tasty and packed with up to 500% more oxygen than normal tap water. Great for the home, office, or gym.

This product has succeeded in producing a super oxygenating patented water cooler system that increases the dissolved oxygen level in the drinking water, which is normally 7 PPM (Parts Per Million), up to 45 PPM at the maximum - an increase of over 600%!

As a comparison, oxygen-rich mountain streams can have up to 15 PPM.

Why Drink Oxygenated Water?

The dissolved oxygen in the water is absorbed through our digestive system and provides:

AIR IMPROVEMENT

IONIZERS ARE USEFUL FOR ELIMINATING DUST, POLLEN, SOOT, PET DANDER, AND OTHER VISIBLE PARTICULATES FROM THE AIR.

Did You Know:

- We spend over 90% of our lives indoors?
- Household indoor air can be five times more dangerous than outside air?
- 50% of all illnesses are aggravated or caused by polluted indoor air?
- Respiratory disease is the third largest cause of death?

Cleaning indoor air is only

partially effective by standard filter products because they typically do not remove the very small airborne particles, the very group that poses the greatest hazard to human health.

It is well known that lung-damaging particles are in the 0.5 to 5 micron range (1 micron = 1/25,000 of an inch).

Using Electrophoresis, the CLAIRITY IONIZER removes the most harmful particles from the air while revitalizing it at the same time with refreshing, natural negative ions. This is performed quietly (great for sleeping!) with no loud fan, no motor noise, no drafts, no

filters to replace, no costly maintenance, no moving parts and less than 1 watt of power consumption. To clean, wipe with a cloth.

CLAIRITY IONIZER removes allergens, molds, bacteria, plant spores, bacteria, pollen, animal dander, as well as the after effects of tobacco, insecticides, aerosols and cleaners... it collects up to 99% of

contaminants. The silent, continuous cleaning will amaze you with both its quietness and effectiveness.

Users report an improvement in their breathing and a general feeling of well-being.

CLAIRITY IONIZER creates a continuous stream of negative ions that adhere to the contaminants listed above. They then flow back and are collected by the positively charged collector band, resulting in purified air. It works like a natural magnet. And, IT DOES WORK VERY, VERY WELL. Effective in areas up to 20' x 20' (400sq.ft.) The unit measures 7" x 7".

Eliminate Indoor Air Pollution

Plain Talk About Ozone

The three molecules of ozone (O_3) are converted from oxygen (O_2) as a result of an electrical charge, such as from lightning or an air purifier. Ozone is highly reactive, so it interacts with most contaminants and allergens, destroying pollutants through oxidation. Most ozonators are designed to produce safe ozone levels.

This is a user friendly, energy efficient, top rated ozone output generator. It eliminates odors and germs with a quiet operation that requires no filter changing and can also be used in your car. There are no chemical components. The compact (6" x 4") unit has a timer and will effectively cover a 400 sq. ft. area.

AIR IMPROVEMENT

GET RID OF FUMES, SMOKE AND ODORS

A Powerful Air Purifier

The Aranizer™ is not an air filter. It is a powerful air purifier capable of destroying pollutants and odors in the air, and at their source. This machine energizes the Oxygen in the air. Energized Oxygen is the natural enemy of odors, pollutants, and many other harmful substances, yet it is completely safe.

Nature's phenomenon of purifying the air generally transpires during a thunderstorm. The incredible build-up of energy before a lightning strike charges the Oxygen in the air, reacting with contaminants in the air and destroys them. This process is called oxidation, and is the reason why the air smells so fresh after a rain shower.

The Aranizer replicates this sensation and also produces negative ions. Negative ions cause dust and other floating particles to fall and attach themselves to positively charged surfaces.

Here's what the Aranizer can do for you:

- Removes dust, pollen and other allergens in the air
- Removes smoke, pet, cooking, and countless other unwanted odors from the air
- Removes smoke and most

other odors from clothes, carpets, furniture and drapes

- Oxidizes chemical fumes and toxic gasses produced by household products and appliances
- Kills mold, mildew, fungi, bacteria and harmful viruses

Think about all of the various applications right in your own home: basement, garage, bathroom, closet, playroom, living room... the list goes on and on.

Virtual noiseless operation. No moving parts to wear out. No costly filters to change. Can be left on 24 hours a day. Durable stainless steel construction.

Make no mistake; this is a high-quality unit built to meet industrial standards. It is not made to meet criteria of low price, like you see in appliance stores and on late night TV. Covers about 408 sq. ft. If

you want to get rid of musty odors (even years old), pet odors, chemical fumes, smoke... we highly recommend this unit. Almost as simple to operate as a radio; turn it on, adjust the variable intensity knob, and that's all there is to it. Gives long-lasting results unlike the transient effects of low-priced air cleaners. Measures 9" x 4" x 4". 4 year warranty.

Breathe Fresh Air Wherever You Go!

Many travelers feel exhausted and out-of-whack after a long plane trip. For some, a car trip is a nightmare. Energy is slowly depleted and they are susceptible to every cough, sneeze, and sniffle. Almost everyone reports feeling miserable after a flight, but very few seem to know why.

Experiments have shown that travelers who experience anxiety, rising heat, sweating, headaches, rising emotions, and nausea are also becoming depleted in magnetic energy. The answer is electromagnetic field supplementation... providing a constantly

replenished supply of free negative ions via magnetic flux. The CHlonizer was developed to surround the wearer with both free ions and a magnetic field which will cause fatigue, discomfort and symptoms of depleted vitality to vanish. **TAKE CONTROL OF THE AIR AROUND YOU**

Aside from using it in closed environments like airplanes, it works well wherever you go... killing off most airborne bacteria and viruses while deactivating smoke, dust and pollen. Everyone's concerned about the air we breathe.

NOW YOU CAN DO SOMETHING ABOUT IT! 2 1/2" x 1 1/2" x 3/4". Includes neck cord.

#46001 CHlonizer \$119.95

What Makes The Chlonizer So Special?

Its patented approach to providing a personal "clean air space" and increased bioelectric vitality results from three technologies:

1. **ELECTRON IMPACT DECOMPOSITION**, the same technology used by the military to destroy toxic biological and nerve agents, works much like a thunderstorm, vaporizing airborne pathogens and irritants, leaving the air you breathe free from the effects of most bacteria, viruses, pollen, smoke, and unpleasant odors. In the process, it emits a fresh ozone fragrance just like the air after a thunderstorm.
2. **MAGNETIC SUPPLEMENTATION** surrounds the body with a magnetic field similar to that found in nature. This protects you from the magnetic depletion which occurs in steel framed buildings and cars as well as high altitudes when flying. This magnetic supplementation prevents much of the rising heat, anxiety and irritability which can otherwise occur. Magnet placement over the lower cervical spine actually decreases sensitivity to crowds, an important factor in crowded jetliners, busy terminals, offices, factories, theaters, and shopping centers.
3. **CORONA DISCHARGE IONIZATION** literally electrifies the air, surrounding you with free electrons, ozone and other electrically charged air molecules which, as you breathe, directly increase your electrical vitality. You arrive rested, protected, and vitalized.

Therefore, you can readily understand that the CHlonizer, while higher priced than other "around the neck" devices, is well worth the difference. This is a patented device, is very effective, and has many, many thousands of devoted users over the past several years.

IMPORTANT NOTICE: The CHlonizer is not a medical device. It is a bioelectronic environment conditioner which simulates the bioelectric characteristics in nature. Do not use this device if you wear a pacemaker or have any other implanted electrical devices.

USE THE SECRETS OF THE ANCIENT PYRAMIDS

To Vitalize Food, Water, Or Even Deepen Meditation

Pyramids have captured the imagination of explorers to Egypt for thousands of years: they were places the ancients took people for healing. In modern times, pyramid energy products have become very popular amongst those exploring subtle energy.

Our simple pyramids are modeled after the Great Pyramid of Giza, whose specific dimensions and angles have been shown to energize anything put inside it. Most pyramid products require a northerly orientation; however, the gold plating on ours makes that unnecessary as this plating absorbs "free energy" directly from the air!

Put your food and water inside the pyramid to charge them with energy. Energize your house plants by charging the water you use. Pyramids placed in any room increase the energy in the room. Some people even put these pyramids on top of

their head to deepen meditation and improve concentration.

MAPPING THE HUMAN AURA Balancing "Food" For The Energy Field

Dr. Valerie Hunt Ph.D., working at the University of California, recorded the subtle variations in the human bio-energy field, or aura. These recordings are ground-breaking proof of how the aura changes and interacts with the energetic fields of others.

Through her extensive research Dr. Hunt has created a series of CDs from the actual sound frequencies of the chakras. Because the frequencies come from the living aura with selected in-synch music, these CDs have been shown to rapidly brighten and balance the human aura. Each track is designed to nourish a specific range of bioenergy Total 147 minutes.

- Track 1: Physical vitality and strength
- Track 2: Awareness, creativity and coordination
- Track 3: Relaxation and serenity

MEASURE AND INCREASE YOUR LIFE ENERGY LEVEL

Improve Your Health By Spinning The Wheel

Dr. George Egely

"Life energy" has long been recognized by many cultures of the world but the physical properties of this phenomenon

are still virtually unknown and unexplained. Experience shows that a person's "vitality" level influences his/her state of health. On the other hand, a person whose bio-energy level is much higher than the average often displays long periods of enhanced physical and mental performances and above average endurance and stamina. **The Egely Wheel allows you to check, measure and increase your own vitality level.** A persistent low energy level can serve as a warning that illness may be developing.

Using The Egely Wheel

As you use it, you will soon find that the **Egely Wheel's rate of revolution** depends on your physical and mental state and fluctuates along with your current fitness level and ability to concentrate. If you

are very tired, you can expect a low rate of revolution. As you practice, you will learn how to tune in to the mental state which produces your maximum rate of revolution. This maximum value is the key. It is attained when your mind is in a relatively narrow range between complete relaxation and intense concentration. The easiest way to reach this state of mind, which is similar to a state of meditation, is to listen to your favorite music, imagine doing something you enjoy, or recall happy memories. Your body functions best in this mental state.

The Egely Wheel rates your "vitality quotient" or VQ.

Unlike your intelligence quotient, your VQ will differ greatly at different times. Tiredness or nervousness can result in reduced speeds of the wheel. Those who are the most vital, relaxed, energetic and joyous were able to make the wheel spin the fastest. If your VQ level has been low for a few weeks, it is a warning and an opportunity

to work on improving your health and fitness.

Another interesting vitality measurement is how long a particular level can be sustained.

Some people reach a very high score but then tire quickly and cannot maintain it. Others are able to maintain a medium or high rate of revolution for a long time... even 30 minutes.

The Egely Wheel is very simple to use and requires no training. The key component is a 3" wheel that rotates on a delicate pivot fueled by your life energy. Simply remove the plastic cover and cup one of your hands, surrounding the wheel as completely as possible with your fingers and palm.

The wheel will rotate as you concentrate. Extensive control experiments have proven that the rotation of the wheel during measurement is not driven by heat, convection, or electromagnetic energy.

The inventor and designer, Dr. George Egely, is a trained

scientist who was employed for many years by the Atomic Energy Research Institute of the Hungarian Academy of Sciences. He is an expert in the field of energy transport processes.

The Egely Wheel comes in an attractive wooden box together with an extensive 84-page booklet of instructions, ideas for improving your vitality level and the historical and scientific background of the measurement. Battery operated.

A UNIQUE TOOL FOR RESEARCHERS, SCIENTISTS, AND THOSE WHO WANT TO UNDERSTAND THEIR OWN VITALITY

Experimental Life Energy Meter

This technology allows you to test the vitality of water, compare different people's energy levels, check the energy of different soil samples, or help people learn about energy healing. This technology was originally developed by Wilhelm Reich, discoverer of orgone energy (universal life energy). New electronics have now made it possible to make a compact version of this meter. The meter emits a weak "displacement" energy field around the electrode and the meter can then indicate the precise energy level of any organic object in front of it. This is an ideal

tool for those serious about energy medicine, healing, water research, subtle energy. The unit comes with a power cord, sensor (electrode), sensor plate, instructions, and a one year warranty.

FAR INFRARED

PORTABLE FAR INFRARED SAUNA

Deep Thermal Penetration

Far Infrared Ray (FIR) is a form of electromagnetic light energy from the sun. It can penetrate through the skin into the subcutaneous tissues thereby improving blood circulation, promote overall metabolism, get rid of bodily toxins and metabolic by-products from the body and improve cellular vitality. Upon penetrating the skin, FIR transforms light energy into heat energy. The thermal effect within the deep layers of the tissues causes blood vessels and capillaries to dilate, promoting a vastly improved blood circulation.

- ENERGIZING
- DETOXIFYING
- SLIMMING
- BEAUTIFYING
- ENHANCED WELL BEING

Enjoy the deep penetrating thermal effect of Far Infrared energy and its many benefits: **improved blood circulation, enhanced metabolism,**

detoxification, increased immune system function, cellular vitality, peak energy, vasodilation and skin purification. What if all a person had to do to receive such benefits was relax, and sit down for 15 to 30 minutes a day three or four times a week listening to music they selected or watching a hit movie — now what would it be worth?

How Does It Work?

Activated by heat, the FIR material emits FIR energy that is absorbed by human cells, causing a physical phenomenon called “resonance”. Thus the

cellular activities are instantly invigorated, resulting in a better blood circulation and overall improved metabolism.

It also increases heart rate and blood circulation, both crucial to maintaining one’s health. The heart rate increases as more blood flow is diverted from the inner organs towards the extremities of the skin without heightening blood pressure. For injuries, heat stimulates vasodilation of peripheral blood vessels, bringing oxygen to joints and extremities, speeding the healing of sprains and strains, thus relieving pain.

Many Benefits:

The increased blood helps aching and injured muscles recover faster because the stronger the flow of blood, the quicker metabolic and toxic waste products are purged from the body, through the skin during perspiration, believed to be responsible for eliminating up to 30% of body waste.

For that sought after healthy glow, FIR Sauna heat therapy allows increased blood circulation to carry great amounts of nutrients to the

skin, thus promoting healthy tone and texture. Also provides a mild cleansing of the skin.

By creating an “Artificial Fever”, FIR heat has a positive effect on the immune system. Often misunderstood, fever is a natural healing response of the body. The function of the immune system is increased

naturally during a fever, while virus and bacterial growth is slowed, weakening its hold.

This helps the body ward off invading organisms. A FIR heat treatment in the early stages of a cold or flu has been known to stop

the disease before the symptoms occur. The Sauna Hothouse is easy to assemble and comes with a timer,

footpad, foam floor cushion and folding chair. Occupies only 6 sq. ft. of floor space. 38” high x 27” wide x 31” deep. 110v.

The heat generated is constant and very soothing to muscles and joints.

Full Body Far Infrared Dome

The half-dome construction allows you to use the product while lying down or sitting, receiving Far Infrared (FIR) energy in localized areas, such as the back, abdomen, arms and legs. FIR energy is by far the best form of energy for natural healing and for maintaining body vitality without any side effects.

For best results, loose fitting clothing is suggested.

Besides getting relief to specific areas, you'll feel like you've just had a total body workout. When far infrared heat penetrates deep into the body, you will experience a refreshed mind, relaxed mood, reduction of aches and pains, improved metabolism, and systemic

regularity leading to an overall feeling of wellness. You'll find yourself gravitating to the Dome time and again because of its wonderful benefits.

Measures 26" x 20" with a 14" clearance. A "curtain" is furnished if you want to contain the heat within the Dome. Adjustable timer and temperature controls.

FIR energy increases metabolism, improves circulation and relieves pain due to the efficient heat that is generated. The Dome emits Far Infrared, which the user will feel as penetrating heat. The heat is caused by the frictional vibration of molecules in the body.

The FIR Dome is easy to use. The digital key pad allows the user to select temperature and treatment time. Most people use it lying down with the Dome placed over the area of the body where relief is desired. Others like sitting in a chair with the unit curved around the back. Undressing is not required.

Anti-Aging Formula From Japan

In a small village just outside of Tokyo, 10 times as many people live past the age of 85 than anyone in the United States.

The residents there also age healthier, enjoy great joint mobility, healthy vision and display unusually smooth and well-toned skin. Scientists and researchers have determined that Hyaluronic Acid (HA) found in the local diet is a most likely factor.

HA is a naturally occurring substance, which is present in all connective tissues of the human body. It is in high levels in the skin, ligaments and joint fluid. Also of benefit in helping the skin remain more flexible and for spinal discs remaining more viscous. Hyaluronic Acid 50 mg., Biocell Collagen Type II 500 mg. and Chondroitin Sulfate 100mg.

Beaches The Best Sexual Attractant We Have Found!

Beaches smells great, and most importantly, it works! We have seen cool relationships turn hot (sometimes after many years of benign neglect), and we have seen Beaches turn heads, start conversations, and become the source of endless flirtation and fun. Perhaps, you've seen pheromones advertised on television. Most are much higher-priced and may not have the necessary potency. None have the delicious scent of our product. But the real story is the many customers who come back to purchase again and again. This surely is a vote of confidence that you can rely on.

Pheromone Spray To Attract Women

The word "pheromone" is derived from Greek and means a communicator of excitement. In fact, they work so well that some people call them aphrodisiacs. This particular formula has a **woody, spicy, floral scent** that women are attracted to. The book, "The Joy Of Sex" suggests that

pheromones act directly on the brain's center to heighten arousal, but at a level below the threshold of awareness. 3-5 sprays on your clothing seem to be sufficient. Best applied on collars, cuffs, and wristbands. Compact shape of the spray bottle allows you to "discreetly" take it everywhere you go, "just in case." 1 oz.

This breakthrough technology clears your energy field of stress, leaving you in a vitalized, harmonious and balanced peak performance state. Many listeners report that these CDs create blissful, mind altering states.

Energy That Speaks To The Soul!

The 5D Sound High Chi Series are more specific and 5 times more potent than ever before! This new series offers special remedies to address the specific personal growth issues that you have been asking for. They truly process deeper, faster and produce more elegant states of higher consciousness. Designed in Germany to analyze and develop energy remedies or vibratory medicines, an advanced computer program holds in memory, the energy field of any substance. On a quantum or vibratory level, the energetic blueprint is more active than the "solid" substance. When the vitality of the energetic blueprint is fed back upon itself (energy amplified/potentiated) - the vitality level of the substance field soars!

Designer Energy Quieting The Mind

These new coherent energy fields work mentally, emotionally, spiritually and physically to cancel out bothersome environmental noise that stress and strain the nervous system. Coherent sound calms and soothes the listener into meditative like states, both active and passive! This full frequency, with a white and pink noise sound envelope, is the most effective carrier of our energy remedy formulations.

A Common Sense Approach To Personal Freedom

Why take a substance for stress reduction or recreational purposes when you can energy graft, through CD quality sound, into your energy field in just minutes? Experiencing 5D Sound becomes a process of deep clearing over a long interactive listening period. 5D

Sound can transform sometimes compulsive and obsessive drug use, into greater ability and higher levels of functionality and subsequent manifestation.

How Does It Work?

These coherent energy fields in the form of snap shots or energy signatures can be stored in computer files much like music, graphics or written copy. The Life Energy Amplifier can then clear energy and amplify the energy signature, millions and millions of times. Thus enhancing the signature and its vital life energy properties; greatly expanding its vibration and subsequent harmonizing properties and effectiveness.

Clear And Balance Energy Fields

A major factor in our well being is the free flow of energy throughout our bodies. The Tetrahedron Beamer **AMPLIFIES** our ever popular Beamer **BY OVER 50%**. The tetrahedron tunes and strengthens the field emitted by the Beamer. Use it to charge your food or water, "beam" your supplements or focus on the body to balance energy pathways (a non-invasive acupuncture device!). This all-purpose energy device

is wonderful for enhancing meditation, (aim the Beamer at your third eye), clearing negative energy patterns, or charging your aura. An excellent tool for alternative health practitioners and those who want to access the subtle energy bodies for accelerating spiritual growth.

#63549 Tetrahedron Beamer \$179.95

Fill Your Room With Subtle Energy

The Solarizer combines the energy of 7 pyramids, star geometry and a Beamer to focus higher energies. Hang the Solarizer Beamer in your kitchen to energize

ALL of your food, or over your bed for more restful and rejuvenating sleep. Hung in an office the Solarizer Beamer helps to balance your energy in the midst of long days at your computer. If you haven't experienced Beamer energy you are in for a treat.

#75063 Solarizer Beamer \$219.95

INCREASE YOUR AURIC FIELD 6 TIMES

Pyramids have been recognized for thousands of years for their healing and restorative powers, and to deepen meditation.

Sitting in front of the Pyramid Beamer balances your energy meridians and chakras to improve your health. 7 pyramids and 7 Beamers synergistically combine to create a system many times more

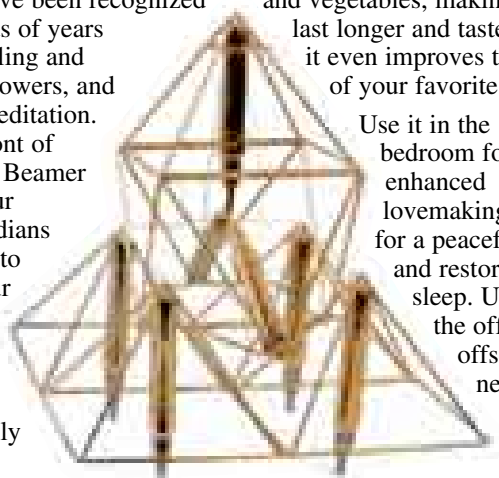

powerful than a single Beamer. Spinning this system creates even more power. The effect of this powerful subtle energy system will be perceived rather quickly. Put it on a table to energize an entire room. In the kitchen, it will energize fruits

and vegetables, making them last longer and taste better; it even improves the taste of your favorite wine.

Use it in the bedroom for enhanced lovemaking and for a peaceful and restorative sleep. Use it in the office to offset the negative effects from your computer and other electronics.

Works quickly and silently. Nothing to plug in or turn on, and nothing to break. Quality construction throughout; gold plated. 16" high x 14" x 14"

Advanced Mood Relief For SAD, Winter Blues, Sleep Disorders, Jet Lag And Fatigue

For many years, it has been known that full-spectrum, 10,000 lux light can be very effective in treating seasonal affective disorder and other circadian rhythm related mood disorders. Recently, researchers have discovered a very specific range of blue light is the most effective color (wavelength) in treating Seasonal Affective Disorder. The GoLite delivers only the most effective wavelengths, which means a more convenient treatment and fewer side effects than the traditional 10,000 lux light therapy devices. NASA uses this Bluewave technology.

The GoLite will lift your mood during the day, improve sleeping cycles and quality of sleep, help avoid jet lag illness, and

irregular sleep patterns and energy deficiencies due to erratic work habits.

The light produces natural sunlight without any ultraviolet radiation. The lamp is used 20" away from the face at a slight angle, with the eyes open. You can read, watch TV, operate computer, and use it while you exercise. It is NOT a tanning light. Brightness and duration settings. 6" x 6" x 2". Carry case included.

WAKE UP WITH THE NATURAL SUNRISE AND A CLOCK RADIO

No Noisy Alarm

You can start every day on the right foot with a better waking experience. With user relaxation and comfort as top priorities, the Sun Alarm effectively increases your energy levels and helps you to wake up easier and gently every morning.

Waking up "with the sun" can be activated from 15 to 120 minutes, gradually increasing brightness to simulate a sunrise. Likewise, there's a "sunset"

feature. AM/FM radio is built-in along with a flash/beeper feature for heavy sleepers.

To round out the list of exceptional features is a snooze button, alarm, AC adapter and a battery backup system.

Clinical studies at the National Institute of Health indicate that waking to light has been known to help people with

Seasonal Affective Disorder, various forms of depression, and sleep disorders to overcome their problems by increasing daytime energy, limiting winter weight gain, and allowing them to wake up easier. 5"H x 5"W x 3"D

Do Cell Phones Menace Your Health?

While it is still too early to determine long term adverse effects of using cell phones... some recent findings indicate the following:

- During usage, heart rate and hormone secretion is accelerated
- Usage should not be for prolonged periods
- Use by children should be severely restricted or eliminated
- Protection devices do help to reduce any dangers

Stick The Cell Phone Diode On Your Phone

It's tiny, but its effects are

huge. Tests showed the Cell Phone Diode reduced EMF radiation by over 90%, causing a decrease in the biological stress caused by cell phone EMF radiation. Our bodies are sensitive to even weak EMF fields, and when one frequency persists for more than a few minutes, our body's ability to electrically run itself at optimum efficiency is disrupted. The Cell Phone Diode is also effective with:

- Beepers and pagers
- Cordless phones
- Remote controls
- Computers and accessories
- Kitchen appliances

- Microwave ovens
- Fluorescent lights
- Televisions
- Electrical appliances
- Electrical tools

EMF PROTECTION

The modern world is filled with numerous sources of electro-magnetic signals, including house wiring, computers, power lines, automobiles, appliances, and machinery. As we surround ourselves with more and more electrical devices, our bodies become stressed from external stimulus. Common symptoms of EMF pollution include headaches, eyestrain, fatigue, irritability, erratic sleep patterns and decreased immune function.

High Quality EMF Measurement Tool

The TriField Meter is the only meter that combines measurement capability of electric, magnetic, radio, and microwave frequencies. The electrical setting is used to see if appliances are well grounded. Some older appliances may not be. Even water pipes can carry an electrical charge.

The magnetic setting is used around electronic equipment to

measure how far the field extends. This setting is also used to check high tension wires and fuse boxes. You can set up a safer office, home, and sleeping environment with this knowledge.

The microwave setting is used to check cell phones, wireless phones, remote controls, and microwave ovens, and radio towers.

This is the most accurate, least expensive device we have

found and it is so simple to use. Just turn the dial to one of the three settings, and walk around your home or office. 2-3 milligauss is the limit proposed by many health and engineering professionals. A red band on the meter shows you when this limit is reached. Includes 1-year limited warranty, 9v battery, and instructions. Calibrated to U.S. current.

#46003 TriField Meter \$159.95

How Good Is the Trifield Meter?

"While riding on a train, I placed the Trifield Meter at a 90 degree angle facing outward and up towards the direction we were heading. I had it on the magnetic setting of 1 to 100. 3 Gauss and above is considered "unsafe".

About every 4 minutes during the 30 minute ride, the needle would suddenly go up between the 3 and 5 gauss range and quickly back down. Looking outside there was

no indication of what it might be; no power lines or other noticeable electrical equipment.

At two points, there were massive relay stations; The reading went from 6 to 10. When there were residential power lines, the reading was 2 to 3. When multiple residential power lines were present, the reading was 3 to 5. High tension wires produced readings between 10 and 35 gauss.

At home, there was mostly zero gauss, with an occasional 0.25 reading. After

turning on the television, the gauss reading was extremely high right in front of the screen, 25 gauss, and went into the safe zone about 4 feet from the screen. The same thing with the microwave oven (meter was set on the microwave reading).

Overall, the best part of using the meter was becoming aware of the "invisible", and knowing for a fact what is safe and what is not safe."

— J.L. Silver Lake, CA

The Trifield Meter measures artificial electromagnetic fields. The Natural EM Meter (page 73) measures changes in the Earth field due to atmospheric electricity, a solar magnetic storm, or even trucks or magnetized objects moving nearby. Neither can measure any fields created by the body. See our website for more information.

Stay Protected In The Car

EMF IS ALL AROUND YOU: In your home: kitchen range, microwave, electric blanket, hair dryer, fluorescent bulbs, television, appliances and power tools.

ULTRA-SENSITIVE RADIO/MICROWAVE METER

Unlike other low-cost field strength meters, this meter's frequency response does not depend on the characteristics of an external antenna... the internal detection system yields a flat response over a wide range of frequencies. With sensitivity down to 1 nanowatt per 2 sq.cm., it can measure power density from a typical cell phone tower up to 10 miles away. It is also sensitive to all but the highest frequency radar, too. With this meter, you no longer have to wonder how much radio/microwave energy you're being exposed to. Instructions include how to estimate average frequency and how to determine the direction of the source of the waves. Advanced digital display. Operates on a 9-volt battery.

SUMMARY

- Strengthens the body's energy and resistance to stress
- Increase attention and ability to focus
- Maintains the individualized frequency level deflecting unhealthy energies from cell phones, computers, and even negative people

The BIOELECTRIC SHIELD

It works by deflecting and redirecting energies that impinge on you from your environment. It works by reinforcing and balancing your own natural positive energies, making you less susceptible to outside disturbances and helping you cope with the energy overload of modern day living and the stresses of life. Two models to choose from. Popular among celebrities and athletes.

FIND OUT EXACTLY WHAT IS EMITTING RADIO OR MICROWAVES Including Hidden Sources

About the size of a small pager, you can put this in your purse or pocket. After selecting the sensitivity you want, a clear, loud beep indicates radio waves stronger than the level you selected. If you move closer to the source, the beep becomes more frequent, and will ultimately become a solid tone if you move closer still. Or, if you move away from the source, the beeping will stop.

This handy (and accurate) device will fill you in on a lot of things you would have never guessed (like strong radio waves on some wall outlets but not others in the same building). It's also great for determining if a nearby cell phone is not only invading "your space", but harming it as well. With the different sensitivity settings, it can be used for cell towers, microwave ovens, fluorescent lights, video monitor, cordless phones and more.

Comes with a lithium battery (3-6 year life), pocket clip, and one year warranty.

EMF IS ALL AROUND YOU

At the office: fluorescent bulbs, computers and other electronic devices, high tension power lines.

SUMMARY

- Clarifies EMF radiations so they do not interact chaotically with the body
- 40' radius of protection
- Optimizes the human energy system through resonance

SHIELDS YOU FROM THE EFFECTS OF EMF

Use In Your Home And Office

This is a true CLEARING DEVICE that will protect you within a spherical area with a 1000' radius. The Safe Space Device is designed to clear your space giving protection from detrimental EMFs, toxic earth radiations, and other noxious vibrational energies. This self-energized unit contains a holographic grid that holds and conducts a wide range of permanently imprinted vibrational frequencies... producing a purifying effect that causes a tangible change in the atmosphere.

A holographic grid, encased behind a metallic grid, holds and conducts a wide range of permanently imprinted vibrational frequencies, which interact with your environment to create a tangible, positive change. The device will begin to work immediately. When clearing a large space, the device should be placed somewhere in the center of the area. Under normal conditions, one unit should be able to clear an entire house. Users often report a tangible change in the atmosphere or air quality.

Most people say they are able to achieve deeper meditation, become more creative and sleep better. 2 1/2" x 4" x 3/4".

#46005 Safe Space \$109.95

Clears the area allowing for enhanced meditation, a boost in creativity and an improved quality of sleep

"Before using Safe Space, I'd often feel drained doing computer work. Now, after 8 to 10 hours of work, I still feel alert and energetic." C.H., Programmer

SUMMARY

- Protection covers a 1000' radius
- Has a purifying effect on the space where it is placed, causing a tangible change in the atmosphere, creating a bio-friendly environment and allowing a harmonious flow of positive energies

Q-LINK STRENGTHENS YOUR RESILIENCE AND RESISTANCE TO STRESS

Protects Against Cell Phone, Computer and Other EMF

Feeling drained, weak, irritable, distracted, stressed, anxious? You may be suffering from electro-magnetic frequencies, the invisible and undetectable pollution that is getting more and more attention from the medical community. The Q-Link is the only jewelry that uses Sympathetic Resonance Technology (SRT) to help strengthen your natural resilience to EMF.

The Q-Link is a stylish pendant that helps your biofield function at its optimum level. The biofield, as it is called by the U.S. National Institutes of Health, is an ensemble or matrix of different energies that extend outward from each person's body. A strong biofield not only supports and nourishes the body, but also strengthens a person's ability to cope with stress. A resilient biofield can be thought of as a protective force field against life's stresses.

Q-Link users report having clearer thinking, increased awareness, calmness, better sleep, enhanced mental focus,

stamina, vitality and more. It also strengthens immunity to cell phone, computer and other electromagnetic fields.

This product first gained widespread publicity with very favorable reports from athletes. For instance, more than 300 professional golfers wear the Q-Link. Other competitors in soccer, hockey, tennis, running and swimming are enthusiastic users. In addition, actors, business people, healthcare workers, children and those who suffer from chronic illness are getting quantifiable results.

EMF PROTECTION

"The Q-Link technology has been scientifically demonstrated to enhance the body's ability to protect itself from harmful environmental radiation. By reducing the noise in any energy field, this technology strengthens and purifies the body's own energies."
Ken Wilber, Author of 17 books on consciousness and integral theory and practice.

Sleek and fashionable design featuring a beveled-edge 1½" triangle with two distinct sides, each making an individual statement. Can be worn by men and women. Wear it just like pendant jewelry; inside or outside your clothing. Incorporates the next-generation SRT-3 technology, which activates a more powerful response. 35" cord.

The Sympathetic Resonance Technology works like a tuning fork to help rebalance the body's biofield so that man-made sources of electromagnetic radiation do not interfere with the optimal functioning of the body.

SUMMARY

- Constantly recharges your biofield when you wear it
- Supports optimal health, wellness and peak performance in everyday activities as well as sports
- Converts and conducts subtle energy into a more coherent energy state conducive to the healthy energy states of the user.

How Does Q-Link Work?

The Q-Link pendant is comprised of three primary components: a resonating cell, tuning board and an amplifying coil. The resonating cell functions as a multi-frequency crystalline oscillator. The tuning board protects the integrity of the cell, helping it to function at its optimal harmonic frequency range. The amplifying coil strengthens and increases the amplitude of resonant body frequencies. In simpler terms, the Q-Link functions like a highly sophisticated series of tuning forks, sympathetically resonating to strengthen and stabilize the human biofield and its complicated electrochemical processes.

Get all these benefits from a beautifully styled watch. Embedded in each watch is a unique electronic chip that emits the Schumann Frequency (the predominant frequency found in nature). Based on the work of Nikola Tesla, and named after him... these watches re-introduce nature's healing

frequency to your body. As a result of wearing these Teslar watches, reports show an 80% increase in brainwave strength and a 76% increase in the body's immune response; athletes report a 20% increase in circulation, leading to improved performance. Other watch wearers experience less

SUMMARY

- Reduces the effects of stress, fatigue and jet lag
- Decreases hyperactivity, anxiety, migraines, and depression
- The Teslar chip uses subtle energy technology to screen the body from electronic pollution, allowing the body to operate more harmoniously within the earth's natural resonance field

stress, relief from the aches and pains of arthritis, less headaches, reduced symptoms associated with depression and hyperactivity. This technology is an active, not passive, approach to EMF protection... because the chip oscillates at the Schumann frequency.
