Warranty Statement

Effective June 30, 2006

Converters/Transducers are warranted to be free from defects in material and workmanship for three years from date of original shipment from www.tributek.biz. Boosters are warranted to be free from defects in material and workmanship for one year from date of original shipment from www.tributek.biz. Warranty remedy is limited to replacement of the defective product one time only.

Product suspected defective is to be shipped to arrive at our facility on or before the warranty expiration date. Contact us by phone or e-mail prior to shipment for a Return Material Authorization number and to give a credit card number, PayPal account name or UPS account number to charge shipping for the replacement item. We will refuse COD or collect shipments and items arriving without a Return Material Authorization number. RMA number and return shipping instructions must appear on a packing list in an external envelope on the package. Warranty replacement items can only be shipped to a United States address.

Warranty will be void if product is suspected to have been damaged or abused. Evidence of abuse includes evidence of items having been dropped, severely elongated spanner holes, stripped threads, pipe wrench marks, water marks or corrosion inside the can, etc. Warranty does not cover normal wear and tear. Galled mating surfaces are considered normal wear and tear and are not covered under warranty. We can suggest companies who will refurbish the surfaces for a fee, but we do not provide that service ourselves.

Warranty can be transferred one time only to a new owner by notifying us of the contact information for the new owner within 90 days of original shipment from www.tributek.biz and receiving confirmation of warranty transfer from us. Regardless of date of transfer, warranty still dates from original shipment by www.tributek.biz. Warranty is valid for the owner listed in our records only.

There is no other warranty, expressed or implied, including any warranty of merchantability or fitness for any particular purpose. This warranty statement may be amended from time to time without notice and will be effective for any product shipped after the effective date.
