

- AM/FM/Weather Band Emergency Radio
- Built-in Power Generator Recharges the Internal Ni-MH Battery
- Can Operate from Two "C" Batteries (Not Supplied)
- Two Different LED Light Options: Flashlight or Softlight
- Charging Indicator Shows the Stations is Tuned in
- Telescopic and Built-In Ferrite Bar Antennas
- Earphone Jack for 3.5mm Earphone Set (Not Supplied)
- Bright Yellow Color Makes it Easy to Locate
- Protected Controls
- Water Resistant¹ Design
- Shoulder Strap for Carrying Included

Features

- Weather/AM/FM Radio with Resistant Tuning allows the station to be tuned before it's put away for emergency use and will stay in that position until it's changed by the user. Tuning control for the weatherband is located in the battery compartment.
- Built-in Power Generator with 1 minute of cranking at the optimum rate indicated by the green LED charging indicator, the user is provided with up to 60 minutes of AM radio, 40 minutes of FM radio or 15 minutes of lights. ²
- Power Source Choice the unit can be operated using the Power Generator or 2 "C" batteries (not supplied).
- Two Light Settings allow you to choose between using a flashlight or a softlight which adds to the functionality of the radio. In the flashlight setting, the LED provides a bright light that can be used to illuminate an object or help guide the user when walking. The softlight is a low level light that adds illumination or comfort light when a group is gathered around it.
- Charging Indicator when the Power Generator handle is turned at the optimum rotating speed (in either direction), the green LED Charging Indicator will illuminate. Continuing to turn the handle at this same rate for approximately one minute (120 rotations) will provide a full charge.
- Bright Yellow Color makes it easy to locate.
- Water Resistant¹ Design Unit is designed to be splash resistant for all weather operation. It cannot, however, be immersed in water.

Specifications

Audio

Frequency Range: Weather: 1-7ch
 FM: 87.5-108 MHz
 AM: 530-1710 kHz

Power

Power Requirements: Built-in Nickel Metal Hydride (2.4 V, 700 mAh, Ni-MH) battery or 3 V DC, two size "C" dry batteries(Not Supplied).

Output Power: 60mW (using the built-in rechargeable battery)
 90mW (Using 2 "C" batteries, not supplied)

Power Back-up: Built-in Power Generator²

AM Radio: 60 Minutes
 FM Radio: 40 Minutes
 Light: 15 Minutes

Battery Life (Approx.): Optional C Batteries x 2²

AM Radio: 355 Hours
 FM Radio: 305 Hours
 Weather: 305 Hours
 Light: 115 Hours

Inputs and Outputs

Headphone Jack: 3.5mm, minijack
