

Key Features

- 16:9 Full HD 1080p Resolution Panel (1920x1080)
- Dynamic Contrast Ratio: 30,000:1
- BRAVIA Engine™ 2 fully digital video processor
- 6 HD Inputs (HDMI x3/ Component x2/ PC x1)
- BRAVIA® Link compatibility
- BRAVIA® Sync capable²
- 24p True Cinema™ capable
- ACE (Advanced Contrast Enhancer)
- Light Sensor™ technology
- Favorites Menu
- VESA® compatible hole spacing
- ATSC™ /NTSC tuner with QAM⁴
- Exceeds ENERGY STAR® 3.0 requirements

Key Technologies

16:9 Full HD 1080p Resolution Panel (1920x1080) 16:9 Full HD 1080p resolution panel (1920x1080) accepts any HDTV signal and renders it with optimum resolution, so you can take full advantage of Blu-ray Disc™ players and Sony® PLAYSTATION®³ entertainment systems that can deliver 1080p content.

Dynamic contrast (30,000:1) Advanced Contrast Enhancer (ACE) creates a dynamic contrast level by working in real time to produce deep blacks in darker scenes, as well as fine details in shadows and other dark areas of the picture for a difference you can truly see.

BRAVIA Engine™ 2 fully digital video processor The BRAVIA Engine 2 digital video processor uses a collection of unique Sony technologies to significantly reduce noise, enhance overall image detail, and optimize contrast so every scene produces sharp, vibrant, life-like images and color.

HDMI™ connection x 3 (1080/60p capable) Get versatile HDMI connection options with three HDMI inputs (up to 1080/60p input capable)¹. Connect a Sony® PLAYSTATION® 3 entertainment system, Blu-ray Disc™ player, or any other HDMI-capable equipment and get uncompressed digital video and multi-channel digital audio on a single cable.

HD Component x 2 (1080/60i capable) Two YPbPr Component inputs (1080/60i capable) provide added HD-capable connectivity, and a PC input³ (HD-15 pin) offers the added versatility to use your HDTV as a computer monitor.

BRAVIA® Link compatibility BRAVIA Link compatibility expands your HDTV's capabilities by letting you connect optional BRAVIA Link modules, including the BRAVIA DVD Link, BRAVIA Wireless Link, and BRAVIA Input Link (all sold separately).

BRAVIA® Sync™ capable BRAVIA Sync capability combines the one-touch access and control functionality of BRAVIA Theatre Sync™ with the ability to control CEC-enabled Sony® Handycam® camcorders and Cyber-shot® digital still cameras using the TV's remote and an on-screen display via HDMI connector^{1, 2}.

24p True Cinema™ 24p True Cinema support provides a direct connection to 24p video sources, avoiding conversions and allowing users to enjoy films at their intended 24 fps (frames per second) cinematic picture quality when using a 24p-capable output device, such as a Blu-ray Disc™ player or Sony® PLAYSTATION® 3 entertainment system.

KDL-32S5100

32" Class BRAVIA® S Series LCD TV (31.5" Diagonally)

Features

General

Closed Captions (CC): Analog, Digital
