"My Money, My Planet"

SAVING WATER & MONEY, AT THE TOUCH OF A BUTTON

For a short time, and starting from today, you can take advantage of our **Free Shipping** on all Caroma Dual Flush Toilets. This is a first in the industry since as you are aware toilets are bulky and heavy. The attractive Free Shipping will run **through mid-January 2010**. During that time we are maintaining our existing 20% introductory sale on all dual flush toilets. So you can benefit from both the BIG sale and the Free Shipping offer.

If you know a client, are in the process of building a unit or multi-unit homes, and/or a commercial construction, this is the perfect opportunity to lock in a great price. You will be getting a great product at a great price, free of taxes and no shipping costs.

My advice is Go to our website now, [Caroma Toilets](#), review the large range of dual flush toilets we carry and place your order.

Sincerely,

Nabil Estefan,
The Energy Conscious
