Dapple Wipes and Spray

Dapple is a line of baby-safe, green cleaning products for households with children. Founded by two moms, Dapple approaches green cleaning from a parents' perspective - safely yet effectively tackling the unique messes that only babies and children make, from dried milk on bottles to sticky fingerprints on toys. Dapple products use natural-based, biodegradable ingredients, and are free of synthetic dyes and fragrances, with no SLES, parabens, or phthalates. Dapple Toy Cleaner Spray and Wipes work great on high chairs, swings, toys, books, and even countertops. They are also non-antibacterial, allowing kids to build up healthy immune systems while enjoying clean surroundings. The wipes are also available in travel size - perfect for the diaper bag!

Tie Chair

The Tie Chair is designed to be a simple convenience. It is designed to fit most dining chairs wide, tall, skinny, and short. It is designed to fit a variety of different sized children, from the time they can sit up on their own until about two and a half years old. The Tie Chair is a portable, washable infant seat that works just about anywhere, and the best part is that it folds up and fits right in your diaper bag.

Daphne Bath Seat

Designed with the aid of a pediatrician, baby bath seat provides an extra pair of hands when bathing baby, ensuring the baby is well supported. Easily cleaned, seat secures safely to the bath with suction cups and is appropriate from birth to 17 lbs. Although this seat IS NOT a replacement for full parental supervision during bath time, it sure makes it easier to wash and play with baby in the bath-especially twins.
