Marketing Data Sheet - Flashlights

S6600230
Issue B
Memo No: [MDSR0903](#)

Rayovac Stock Number: **KFL**

Name: **Industrial 6 Volt Floating Lantern**

Product Specifications

Power Source: 6V spring terminal lantern battery,
or 4 D cells in supplied adapter.
Lamp: Krypton KPR113;
Rated at 4.8 volts, 0.75 amps
Lamp Life: Average of 20 hours
(at rated voltage) Minimum of 8 hours
Replacement Lamp: K13, KPR113, PR13, or PR15
Body Material: ABS
Lens Material: AS (acrylic/styrene alloy)
Lens Ring Material: ABS
Reflector Material: Polycarbonate
Switch Type: Push Button
Length: 7.440 in; 189.0 mm
Width: 4.880 in; 124.0 mm
Height: 5.779 in; 146.8 mm
Weight: 15.3 oz; 433 g (without batteries)

Performance Specifications

Run Time: 4.5 hours with Rayovac 6V 944 Heavy Duty lantern battery
11 hours with Rayovac alkaline D cells or 806 lantern battery
Beam Brightness: 4187 peak beam candlepower

Features

- Pivoting stand with non-slip rubber pads
- Large handle opening to accommodate a gloved hand
- Easy to use, durable push button switch
- Can use a 6V lantern battery or an adapter which holds 4 D size batteries
- Extra-wide reflector with super bright krypton bulb provide a long range beam

Durability

- Withstands five foot drop tests
- Weatherproof construction
