

**FOR IMMEDIATE RELEASE**

**OSN™ INTRODUCES INNOVATIVE  
NEW WINDOW MOUNT CLAMP**

**OSN™**, a newly established distributor of high-quality digital accessories and professional and digital tripods, has expanded its exciting line of products with the introduction of the **CP 10 Window Mount Clamp**. Ideal for nature and adventure photography, the new product allows photographers to create sharp images of the outdoors, nature or wildlife -- from a car.

The CP 10 Window Mount Clamp features a three-way panhead with a quick release camera mounting platform. The clamp is also equipped with rubber window pads and a level bubble.

OSN's CP 10 Window Mount's die cast metal base can be securely attached to surfaces up to 1/2 inch thick. It is also affordably priced at MSRP: \$39.95.

One Source Network, Inc., a new photographic company, offers a full line of tripods under the OSN™ brand name. The line features versatile and innovative designs and top quality craftsmanship and construction.

"OSN is a new company with a vision for the future," said David Breyemeier, president of One Source Network, Inc. "Our unique line of tripods offer creative freedom, quality, stylish designs and high performance solutions for today's consumers – at an affordable price."
