

FOR IMMEDIATE RELEASE

THE COMPLETE LINE OF OSN™ PROFESSIONAL AND DIGITAL TRIPODS

OSN™, a newly established distributor of high-quality digital accessories and professional and digital tripods, has unveiled its exciting line of tripods. The new photographic company, One Source Network, Inc., offers a full line of tripods under the OSN™ brand name. The line features versatile and innovative designs and top quality craftsmanship and construction.

“OSN is a new company with a vision for the future,” said David Breyemeier, president of One Source Network, Inc. “Our unique line of tripods offer creative freedom, quality, stylish designs and high performance solutions for today’s consumers – at an affordable price.”

THE OSN™ TRIPOD LINE

- **OS 900** - The company’s OS 900 is a deluxe heavy-duty tripod designed to handle SLRs, as well as digital and video cameras. Constructed of sturdy aluminum, the OS 900 tripod is equipped with a large three-way, fluid pan head, and quick release and mounting platform. It also features a geared center column, self-leveling rubber feet, dual leveling bubbles, locking leg braces and three-section legs with quick lever leg locks.

Specifications:

- Leg Diameter: 29mm
- Maximum Extension: 64.9 inches
- Folded Length: 26.2 inches
- Manufacturer’s Retail Price: \$79.95

- **OS 700** - Boasting all the features of the OS 900, this deluxe full size tripod is a smaller version, but just as sturdy and versatile.

Specifications:

- Leg Diameter 25mm
- Maximum Extension: 61.6 inches
- Folded Length: 24.8 inches
- Manufacturer’s Retail Price: \$59.95

- **OS 500** - The company’s new deluxe lightweight tripod is the OS 500. Weighing in at only 2.6 pounds, the lightweight, three-section leg tripod is ideal for both professional and serious photographers who desire durability, convenience, quick set-up and versatility.

The tripod’s three-way pan head offers seamless and fluid motion, and it comes standard with a quick release camera mounting platform. Other features include a tripod carrying handle, geared center column, locking leg braces, self leveling rubber feet and a leveling bubble.

Specifications:

- Leg Diameter 21mm
- Maximum Extension: 57.8 inches
- Folded Length: 23 inches
- Manufacturer's Retail Price: \$39.95

- **OS 300** - This multi-purpose, lightweight tripod is engineered to handle photographic, digital and digital video cameras. It is equipped with a two-way fluid pan head and a unique video alignment pin, a lift center column, leg braces and rubber feet. It also comes with lightweight three-section legs with quick lever leg locks for fast and convenient set-ups.

Specifications:

- Maximum Extension: 53 inches
- Folded Length: 20.2 inches
- Leg Diameter 18mm
- Manufacturers Retail Price: \$34.95

- **OS 250** - Compact and easy to carry, the OS 250 can also handle small SLRs, digital cameras and digital video cameras. Standard features include: a three-way fluid pan head with quick release camera mounting platform; lift center; leg braces; rubber feet and three position, three-section legs with quick lever leg locks for convenient set-up.

Specifications:

- Maximum extension: 24.5 inches
- Folded Length: 12.25 inches
- Manufacturer's Retail Price: \$39.95

Rounding out the line are the:

- **OS 100** – This four-section monopod works with both photographic and digital cameras, and comes with a foam handgrip, comfortable wrist strap and quick lever leg lock. It also has a rubber foot with a ground spike.

Specifications:

- Maximum Extension: 67 inches
- Folded Length: 21.3 inches
- Leg Diameter: 30mm
- Manufacturer's Retail Price: \$29.95

- **OS 150** - The OS 150 is the deluxe model. This monopod is strong and can accommodate photographic, digital and digital video cameras. A three-way pan head sits atop the four-section monopod -- which also has the quick lever leg locks and

foam handgrip for added comfort. The deluxe model comes standard with a level bubble.

Specifications:

- Maximum Extension: 69.7 inches
 - Folded Length: 24"
 - Leg Diameter: 30mm
 - Manufacturer's Retail Price: \$49.50
- **OS 7003** - OSN also offers the OS 7003 Professional Tripod. This model's all metal construction and large die cast three-way pan head make it ideal for photographic cameras, as well as telescopes. The tripod can be set up quickly and effortlessly for any shooting situation by adjusting its multi-position three-section legs with metal quick lever leg locks. It also boasts non-slip rubber feet and a lift center column.

Specifications

- Maximum Extension: 64 inches
- Folded Length: 24 inches
- Leg Diameter: 22mm
- Manufacturer's Retail Price: \$159.95

OSN also offers the OS 30 Table Tripod for digital cameras and small SLRs. This small, but sturdy tripod offers versatile shooting positions with its 360-degree, adjustable metal ball socket pan head. Priced at 19.95, the three-section leg design allows it to extend to a maximum height of 11 inches. The CP 10 Window Mount Clamp is also available and priced at \$17.95

The company is the brainchild of photo industry veteran David Breymeier. Breymeier has worked with some of the leading companies in the industry, including Hakuba-Velbon, where he helped to launch and market some of the company's most successful products.
