LOCK THEM UP!

You don't want your tripod to go weak in the knees just as you're about to get a great sunset shot, so lock those legs up in a hurry with OSN's OS 364 LA carbon-fiber tripod. Featuring an innovative leg-locking design for carbon-fiber tripods, you can set up or break down this lightweight, four-pound tripod faster than you can say "Outdoor Photographer" three times. Its maximum height is 68 inches and it folds down to 24.5 inches. List Price: \$499.99.
