CST-38 see-through, shown with brass bi-fold doors

**MERIT™
SERIES**

The Merit™ Series wood-burning fireplaces beautifully enhance the ambiance of any home from any angle. Consider a corner unit (CR-3835) for a quiet retreat, the peninsula (CPF-38) for an island installation at the end of a wall or the see-through (CST-38) for a room divider. With a sleek look and design combined with the stunning beauty of a real wood fireplace, any of these fireplaces will create a dramatic focal point and offer optimal choices for installation versatility.

CR-3835 Corner
(right or left) configuration

Black door finish

Polished brass door finish

Brushed stainless door finish

IMPORTANT NOTES:

As with any heating appliance, fireplace or stove, this appliance is extremely hot during operation. Read and understand all operating instructions before using this appliance. For further information, consult your dealer.

Actual performance may vary depending upon home design and insulation, ceiling heights, climate, condition and type of wood used, appliance location, burn rate, accessories chosen, chimney installation and how the appliance is operated.

Diagrams, illustrations and photographs are not to scale—consult installation instructions. Product designs, materials, dimensions, specifications, colors and prices are subject to change or discontinuance without notice.

Built to UL 127/ULCS610 standards. Agency report numbers and local approvals, including WA State and NYC, vary by model. Refer to specific installation instructions or our website for details.
