

Industrial ULTRASONIC cleaner

Cleans mechanical
(carburetor, injector, etc.)
and Manufacturing
Equipment, Lab Equipment,
Medical Equipment and
much more!

- Free Filtration System
- Heating Element For Best Cleaning Result
- Heating Element Can Stay On All Day Even If Ultrasonic Power Is Off
- Wheels For Easy Transportation
- Industrial-Grade Transducer For Best Reliability
- Drain Faucet For Spill-Proof Draining
- Raised Control Panel
- Free Parts' Bottom Tray
- Industrial Grade Model

Industrial ULTRASONIC cleaner

i n d u s t r i a l

Industry and commerce demand cleaning systems that keep production in motion. SharperTek® industrial ultrasonic cleaning systems deliver on these demands. Each of our systems feature digital controls, stainless steel construction and high quality piezo elements. For over a decade, SharperTek® has been an industry leader in single frequency ultrasonic cleaning technology and now also leads the field in multi frequency ultrasonic cleaning and ultrasonic sweep cleaning technology.

SharperTek® ultrasonic cleaning systems can be found in cleaning applications like these: mechanical parts (carburetors, injectors, automotive assemblies), handgun and rifle cleaning, industrial medical and dental cleaning, ultrasonic blind cleaning and electronic manufacturing ultrasonic stencil cleaning.

Contact SharperTek® engineering at (877) 234-6938 to have an engineer answer any questions you may have about using a SharperTek® ultrasonic system for your cleaning application.

SPECIFICATIONS

- **Ultrasonic Frequency:** 27,000 Hz
- **Variable Power Source:** 1 To 100% Power
- **Tank & Housing Material:** Stainless Steel
- **Power Supply:** AC 220V, 50 / 60Hz
- **Warranty:** 2 Years

SHARPERTEK™ ULTRASONIC CLEANERS AVAILABLE IN SIZES LISTED BELOW:

Unit Cost Includes: Filtration System,
Parts Bottom Tray, Swivel Wheels, Small Mesh
Basket Cover & Ball Valve Drain

| MODEL NUMBER | TANK SIZE (L" x W" x H") | ULTRASONIC POWER | HEAT/POWER |
|--------------|--------------------------|------------------|--------------|
| SH2400-40G | 26"x 18"x 20" | 2400 Watts | 2400 Watts |
| SH2400-95G | 48"x 23"x 20" | 4800 Watts | 4800 Watts |
| SH2400-105G | 32"x 32"x 24" | 4800 Watts | 4800 Watts |
| SH2400-150G | 56"x 26"x 26" | 7200 Watts | 6000 Watts |
| SH12000-200G | 48"x 36"x 28" | 12,000 Watts | 8000 Watts |
| SH12000-450G | 95"x 48"x 35" | 21,600 Watts | 40,000 Watts |

Additional tank size modifications quoted upon request.

We have a wide selection of Ultrasonic cleaning solutions, including mild alkaline, mild acid and solvent replacements. If you have questions about the type of grime or deposits you need to remove, call or email one of our sales staff today.
