

## Press Release

### National Guard Gets Face2Face. Certificates Awarded.

March 30, 2010, Moss Beach, California.

**New Jersey National Guard** added Face2Face to its arsenal of weapons in its DDR (Drug Demand Reduction) work. The Drug Demand Reduction Program's mission is to use the National Guard's resources to help create the best opportunity for America's youth to make the decision to be drug-free.

The National Guard has ongoing DDR operations in 38 states, with hundreds of personal assigned to various community outreach programs. We hope that Face2Face will be adapted to many more units as time progresses.

March 30 was the day of the first-ever **Face2Face Webinar**. The webinar was conducted by officer Mo Wattenburger, the SRO at the Mendocino Sheriff office. Mo is the first and most experienced user of Face2Face. Participants of the seminar were awarded a Face2Face certification attesting that they can now operate the Face2Face system.
