

HEARTFLO™ is formulated with 100% natural Coenzyme Q10 (CoQ10). CoQ10 (ubiquinone) is a naturally occurring enzyme cofactor found in the mitochondria of the body cells. CoQ10 is synthesized endogenously and intracellularly throughout body tissues, particularly the heart, liver, kidney and pancreas. Heartflo™ supports the generation of cellular energy, antioxidant function, and cardiovascular health. *

DIRECTIONS: As a dietary supplement, take 1 to 2 softgel capsules daily, preferably with meals.

WARNING: Please consult your healthcare practitioner before taking any dietary supplement. Keep out of reach of children. Do not use if outer bottle seal is missing, torn or damaged in any way.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
