## NEW PRODUCTS - AVAILABLE FOR OCTOBER

### MISHIMOTO FAN SHROUD KIT

Mishimoto is proud to announce the release of the first application of its lightweight aluminum fan shroud kits. The first available fan shroud kit is for the 1989-1994 Nissan 240SX S13 radiators. The Mishimoto Nissan 240SX S13 fan shroud kit includes two pre-assembled 10-inch electric fans.

### MISHIMOTO AIR DIVERSION PLATES

The Mishimoto air diversion plates' expert design is not only intended to enhance the aesthetic appeal of your engine, but will incomparably reduce your radiator's coolant temperature. Improving the cooling capacity of your engine will promote superior combustion efficiency and improve the overall performance of your engine. All Mishimoto air diversion plates are constructed of 5052 aluminum and are available in several finishes. Choose from a natural brushed matte finish or an anodized glossy black or blue finish to enhance the look and style of your engine bay.

MODEL: MMFS-S13-89SR (1989-1994 Nissan 240sx S13 SR20)

FAN SHROUD KIT **MSRP: \$265**

## AFTER HOURS PARTY - AT SEMA 2008

On the last day of SEMA, Pro Motion Distributing is hosting an after-hours party sponsored by Mishimoto. The event will be held at Club Asia in the Planet Hollywood Hotel & Casino from 9:30 pm to 2:00 am. Sign up for the VIP guest list by sending an e-mail to [rsvp@pmdistributing.com](mailto:rsvp@pmdistributing.com). This is the event you don't want to miss!

## MISHIMOTO AT HIN - HOT IMPORTS NIGHT SHIFT

It was a beautiful day in sunny Chandler, Arizona at the Hot Import Nights: Night Shift Event held on October 18, 2008. The day kicked off with a wild stunt bike competition and was followed by celebrity appearances from RJ De Vera and Chris Forsberg. The evening was capped by the team at Full Race and Drift Alliance putting on a stunning drift demo.

## MISHIMOTO'S RHD JSPEC NISSAN S13 - PROJECT BUILD COMPLETED

After a long seven months, Mishimoto is proud to announce that the RHD Nissan S13 is complete. The S13's official unveiling will be at SEMA 2008, where it will be the featured car in the Mishimoto booth (#22763). Look out for the fully rebuilt Mishimoto S13 at events across the country. Future plans include a full tour in 2009. Check out the full list of modifications in the Mishimoto Rides section of [Mishimoto.com](http://Mishimoto.com).
