

OASIS® RAINBOW® Foam Design Ring, available in 2 sizes and 5 colors, is the base of this festive party tray. Design Rings are a foam ring glued to a solid black plastic tray. OASIS® BuillionWire, available in 12 colors, woven throughout your flowers will pull all of your elements together.

I can do that!

with www.BarbarasGardens.com

Choose your design ring and soak the ring in a solution of **flower food** and water (always place foam side down on the surface of the solution and allow it to sink by itself for proper saturation).

Choose your flowers and insert them into the wet foam.

Weave your wire throughout your arrangement to achieve your desired effect.

Don't forget the bubbly!

Use these ideas and your imagination to make it your own.

THAT WAS EASY!

(see reverse for list of materials)
