

Netted Spheres made of OASIS®

Floral Foam, wrapped in sturdy green flexible netting are available in 2 sizes. No need to create your own hanger, simply tie your ribbon to the netting. **FLORALOCK™ Plus Stem Adhesive** by OASIS® holds your flowers securely in place.

Romantic

I can do that!

with www.BarbarasGardens.com

Place netted sphere in a solution of **flower food** and water (always place sphere on the surface of the solution and allow it to sink by itself for proper saturation).

Tie one end of your ribbon to the netting at the top of the sphere (this will be the length of ribbon you use to hang or carry the sphere).

Choose your flowers and insert them into the wet foam. Then secure the flower stems with **FLORALOCK™** Spray Adhesive by spraying the surface edge of the sphere at the insertion points.

Weave your ribbon around your arrangement to achieve your desired effect.

Use these ideas and your imagination to make it your own.

The **PRODUCTS** you need are available on our website www.BarbarasGardens.com

THAT WAS EASY!
(see reverse for list of materials)
