

Holiday

LOMEY® Corsage **Pins** decorate this festive holiday tree made from Galax leaves wrapped and then glued with OASIS® Floral **Adhesive** around an OASIS® Floral Foam **Cone** and nestled in a base of Aubergine **Sisal**. OASIS® **Bullion Wire** and bear grass act as garland for the centerpiece and **Spheres**.

I can do that!

with www.BarbarasGardens.com

Choose your container, trim base of cone (if necessary) to fit the container and soak the cone in a solution of **flower food** and water (always place foam on the surface of the solution and allow it to sink by itself for proper saturation).

Glue the leaves to the cone using floral adhesive, then glue the grass to the leaves, decorate to your taste with pins and wire.

Line the container with sisal and fit the cone into the container. Follow the same procedure for spheres.

Use these ideas and your imagination to make it your own.

THAT WAS EASY!

(see reverse for list of materials)
