

## BILLET OVAL BADGE INSTALLATION

1. Clean back side of badge and mounting surface meticulously with a cleaning solvent, such as common dish soap. This will remove any machining oil and dirt.
2. Thoroughly dry the back side of the badge and the mounting surface in order to guarantee proper adhesion.
3. Remove protective film from adhesive strips and place on back side of badge.
4. Remove reverse side protective film and place on desired mounting location.
