

The HD-2 is the newest and most innovative product in the Garner line of degaussers. The HD-2 erases hard drives (laptop, desktop and network up to $1.5^{\prime \prime}$ high) and high coercivity tape media, including all formats of LTO, SuperDLT, DLT, AIT, 3590 Series, 8 mm and more, all without any adapters. With a continuous duty rating (no cooling necessary), quiet operation and a 60 second cycle time, the HD-2 can fit right on a desktop.

## HD-2 Operation:

The HD-2 is exceptionally user-friendly. Simply place your media into the drawer on the right side of the HD-2 and close the drawer. The degauss process starts immediately. Within 60 seconds your media is erased. Open the drawer and remove your erased media. it just doesn't get any easier than that!

## Safeguards:

The HD-2 has been independently tested and certified to meet both ANSI and CE standards. Built-in safeguards check the stored power before each erase cycle. In addition, a built-in gauss field sensor measures each charge. If either the charge or the gauss field is insufficient, the HD-2 will display error information to report a failure status to the operator.

Degauss vs. Overwrite:
The field strength along with the encompassing magnetic field ensure the data is no longer recoverable by computer or laboratory attacks. Since the HD-2 does not rely on software, the HD-2 will also completely and permanently erase failed and damaged hard drives regardless of the operating system or interface.

Government Mandates:
The HD-2 will assist you in meeting compliance standards for government mandates requiring complete elimination of sensitive information stored on magnetic media prior to re-use or disposal including:

- PCI DSS (Payment Card Industry) Data Security Standard
- NIST (National Institute of Standards and Technology) Guidelines for Media Sanitization
- NIST SP 800-36
- NIST SP 800-88
- HIPAA (Health Information Portability and Accountability Act)
- PIPEDA (Personal Information Protection and Electronic Documents Act)
- GLBA (Gramm-Leach-Bliley Act)
- California Senate Bill 1386

Note: Hard drives and some tapes are not reusable after having been erased with the HD-2.

| SPECIFICATIONS |  |
| :---: | :---: |
| Power Supply | $120 \mathrm{~V} \pm 5 \%, 50,60 \mathrm{~Hz}$ - Standard |
| Power Consumption | Under standby 0.2 A <br> While charging $4.0 \mathrm{~A}<1$ second <br> At the time of ERASE 0.5 A |
| Degausser System | Capacitive Discharge |
| Duty Cycle | Continuous |
| Erasure Time | 60 second repetitive cycle |
| Magnetic Field | 8,300 Oe, . 83 Tesla |
| Certifications | CE, ANSI |
| Erasing Area Size | 1.5 in. $(\mathrm{H}) \times 4.25$ in. $(\mathrm{M}, \times 6.00$ in. (D) |

## SPECIFICATIONS

| Media | Most hard drives up to $1.5^{\prime \prime}$ high including full height, <br> standard and laptop drives, tape cartridges including <br> DLT, LTO, 3590 Series, 8 mm and more. |
| :--- | :--- |
| Temperature | $41^{\circ} \mathrm{F}-104^{\circ} \mathrm{F} \quad\left(5^{\circ} \mathrm{C}-40^{\circ} \mathrm{C}\right)$ |
| Humidity | $10 \% \mathrm{H}-40 \% \mathrm{H}$ (without condensation) |
| Weight | $\mathrm{HD}-2 \quad 34 \mathrm{lbs}(15.5 \mathrm{Kg})$ <br> Shipping: $\quad 39 \mathrm{lbs} .(17.7 \mathrm{Kg})$ |
| Size | L×W $\times$ Hinches. <br> $12.25 \times 17.50 \times 5.75$ in. |
| Warranty | 1 Year Factory Warranty Standard, Optional 3 Year <br> and 5 Year Factory Warranty available. |
