We Can Help !

This is 150 gallons of water in 28 Five Gallon Jugs with handles for easy carry, and 70 Bottled Waters loaded into a heavy duty plastic Storage Rack And Pallet, about 3' by 3.5' square and 6' tall.

Each Water Pallet also includes 7 Water Filter Kits, 30 Plastic Canteens With Belt Clips, 2 Dispensing Brackets, 2 Marker Clamps for option to rotate stock, Cups, Tool Set, Instruction Manual, and Certification ID Tag.

The 7 Water Filters can process up to an additional 1260 gallons of water from other suspect water sources.

A total of 1410 possible gallons of emergency water may be available using this Water Pallet and the Water Filter Kits.

Water can be distributed to a larger group all at once, supplied to employees to take home for their families, or various other options. Please plan ahead of time how such water supplies might be used in the event of natural or man made incidents.
